

Resolution for Updating Language Concerning University Curriculum Council Membership

Resolution of Handbook Policy

EPSA [Draft 9-19-23]

Ohio University

Whereas the University Curriculum Committee Council (UCC) is a body established by the Faculty Senate to discharge the Senate's responsibilities with respect to curricular matters.

Whereas Section VII.b of the faculty handbook defines the structure of the UCC and states that this structure is subject to annual review by the Faculty Senate.

Whereas the Faculty Handbook states that the roster of administrators on UCC should include

The deans or designees of the following Colleges: Arts and Sciences, Business, Scripps, Patton, Russ, Fine Arts, Health Sciences and Professions, Heritage College of Osteopathic Medicine, University College, Honors Tutorial College, and the Graduate College; and the directors or designees of the Center for International Studies and the Voinovich School; one administrator must be cross-appointed to the program Committee of UCC and the Graduate Council Curriculum Committee.

Whereas the Voinovich School is led by a dean.

Whereas the Center for International Studies is not led by a dean (or equivalent) after a recent reorganization as a center within the College of Arts and Sciences.

Therefore, be it resolved, that the above handbook language be amended as follows:

The deans or designees of the following Colleges or Schools: Arts and Sciences, Business, Scripps, Patton, Russ, Fine Arts, Health Sciences and Professions, Heritage College of Osteopathic Medicine, University College, Honors Tutorial College, Voinovich, and the Graduate College; ~~and the director or designees of the Center for International Studies and the Voinovich School~~; one administrator must be cross-appointed to the program Committee of UCC and the Graduate Council Curriculum Committee.
