

The Co-op Office offers students the use of eRecruiting®, a Web-based, 24/7 comprehensive career management system that connects Russ College students with alumni for mentoring—and with employers for co-op and internship opportunities. For more information or to sign up, contact the Office of Career Programs at coop@ohio.edu or 740.593.1618.

Each year, Russ College students participate in co-ops—salaried positions at various companies where they gain real-world experience and perspectives on career paths. For the 2007–2008 academic year, nearly 120 students worked in co-op assignments, choosing from 209 active employers.

The Russ College thanks its co-op employers for their commitment to engineering and technology education. To get your company involved as an employer, contact the Russ College Office of Career Programs.
