General Info

Document Description: Q2S Binder for Art, School of
Document ID: 108332
Document Type: BINDER
Contact Name: David LaPalombara
Designee Name: Marilyn Bradshaw
Creation Info: 04/13/2010 by Don Pendergast (pendergd)
Document Version: 1.0
Document Status: REVIEW - UCC
Contact Oak ID: lapalomb
Designee Oak ID: bradsham
Last Modification: 12/02/2010 by Jody Lamb (lambj)

Department/School Info

College: FAR(null)
Department: ART(Art, School of)
Mission: The School of Art is committed to developing professional artists, designers, and scholars who are dedicated to public discourse. We are recognized nationally for the distinctive professional work of our faculty and students, and for the breadth, depth, and currency of our programs. In our School, practice and production are both emphasized and informed by aesthetic, intellectual, political, historical, cultural, and critical awareness. Our mission is to provide the type of learning environment for professional training in the visual arts where the practice of creative activity and research by students and faculty is central to an education in studio art and to the study of art history, theory, and criticism. We see the visual arts at Ohio University as transformative for communities, society, and ourselves.

Our undergraduate degree programs include the Bachelor of Fine Arts (B.F.A.) with a major in Studio Art, Graphic Design, or Interior Architecture. We also offer the Bachelor of Arts (B.A.) with a major in Studio Art or Art History. Through the Honors Tutorial College, we offer the B.A. in Art History and the option of the B.F.A. or B.A. in Studio Art.

Our graduate degree programs include the M.F.A. (Master of Fine Arts), with an emphasis in Ceramics, Sculpture, Printmaking, Graphic Design, Painting, and Photography, and the M.A. (Master of Arts) in Art History.

The School of Art offers two minors, one in Studio Art and one in Art History.

All undergraduate students enter the School of Art as a B.A. student in either Studio Art or Art History. All B.A. Studio Art students have shared experiences during their first year of Foundations study. This program provides students with a basis for critical and creative thinking and gives them a broad range of experiences in the studio and in the classroom.

Studio Art undergraduate students may remain in the B.A. degree track, or apply for admission into one of the B.F.A. major programs. There is a portfolio review requirement for admission into any of the B.F.A. major programs. This process takes place at the end of the first year for Interior Architecture, or at the end of the second year for the B.F.A. in Studio Art. Both the B.A. and B.F.A. degrees require an accumulative 2.75 GPA and an in-major 3.0 GPA.

The programs and curriculum in the School of Art are designed to enhance critical thinking, creativity, and cognitive ability, employ cultural diversity, promote fluency in relevant and emerging technologies, instill an understanding of the role of art in society, develop leadership abilities for the advancement of the arts, provide access to diverse arts events, inform an understanding of contemporary society and global cultures, engage all OHIO students in methods of critical inquiry through the arts, elaborate the audience experience of exhibitions and presentations through pre/post talks, collaborate with related academic units across the University, maintain nationally recognized graduate programs, increase the visibility of graduate student and faculty research on a regional, national, and international level, and create an interdisciplinary and multicultural educational experience.

Exceptions - Non Three Hour Lecture

The Ohio University Faculty Senate Resolution on the Number of Semester Hours per Course and Course Meeting Times for Quarters to Semesters (<http://www.ohio.edu/facultysenate/upload/CourseHourTimeResolutionfinal4-2009.doc>) resolved that, as a norm, undergraduate lecture courses on the Athens Campus shall be 3 semester hours and that exceptions to these norms will be allowed on the basis of pedagogical justification specific to a course or course sequence.

Three-hour courses are important for balancing student schedules, and three lecture hour per week blocks are important for classroom utilization. It is understood that there are special cases where the 3-lecture hour course norm does not apply, sometimes for categories of courses (recitals or band), sometimes for disciplinary standards, and sometimes for other reasons.

For the semester courses taught by your department that do not meet the 3 lecture hour norm, give a brief explanation of why the norm was not followed and/or what circumstances make these deviations from the norm not create a problem with classroom scheduling or student schedules. (Notes: Categories of courses can be addressed as a group rather than individually. If you are using a 'disciplinary standard' argument, please make comparisons to Ohio Schools on semesters or to Ohio University peer schools on semesters. If you are using a block scheduling approach, please list the courses that will be block scheduled and identify the semester(s) where the block scheduling applies.)

Reason: These are all studio art courses that have lab hours as well as lecture hours. Studio art is taught in this way at other universities. We are using our own studio classrooms for all these courses.
