Mission: The mission of the College of Arts and Sciences reflects and supports the larger mission of Ohio University. The tripartite mission of the college is defined by its commitment to advance the interrelated areas of teaching, research, and outreach in a learning-centered community. In teaching, the college provides education in the core foundational disciplines for the entire university, high-quality undergraduate majors to nearly one-third of OU's undergraduates, and nationally visible graduate programs to approximately one-third of OU's graduate students. In research, the college facilitates fundamental and applied scholarship among faculty members in all areas, trains graduate students, and creates research opportunities for undergraduates. In outreach, the college takes an active role in making knowledge accessible and applying it to issues that affect the wider community.

Exceptions - Non Three Hour Lecture

The Ohio University Faculty Senate Resolution on the Number of Semester Hours per Course and Course Meeting Times for Quarters to Semesters (<http://www.ohio.edu/facultysenate/upload/CourseHourTimeResolutionfinal4-2009.doc>) resolved that, as a norm, undergraduate lecture courses on the Athens Campus shall be 3 semester hours and that exceptions to these norms will be allowed on the basis of pedagogical justification specific to a course or course sequence.

Three-hour courses are important for balancing student schedules, and three lecture hour per week blocks are important for classroom utilization. It is understood that there are special cases where the 3-lecture hour course norm does not apply, sometimes for categories of courses (recitals or band), sometimes for disciplinary standards, and sometimes for other reasons.

For the semester courses taught by your department that do not meet the 3 lecture hour norm, give a brief explanation of why the norm was not followed and/or what circumstances make these deviations from the norm not create a problem with classroom scheduling or student schedules. (Notes: Categories of courses can be addressed as a group rather than individually. If you are using a 'disciplinary standard' argument, please make comparisons to Ohio Schools on semesters or to Ohio University peer schools on semesters. If you are using a block scheduling approach, please list the courses that will be block scheduled and identify the semester(s) where the block scheduling applies.)

Reason: No reason given
