

Q2S Binder for Geography

General Info

Document Description: Q2S Binder for Geography

Document ID: 107948

Document Type: BINDER

Contact Name: Timothy Anderson

Designee Name: None

Creation Info: 03/17/2010 by Don Pendergast (pendergd)

Document Version: 2.0

Document Status: REVIEW - UCC

Contact Oak ID: anderst1

Designee Oak ID: None

Last Modification: 01/11/2011 by Thomas Scanlan (scanlant)

Department/School Info

College: A&S(null)

Department: GEOG(Geography)

Mission: The mission of the Department of Geography is to prepare both undergraduate and graduate students for fulfilling and rewarding careers employing the knowledge and skills acquired through the program's curriculum, and to prepare master's students who wish to pursue a career in academia for further study and academic success at the doctoral level. The teaching and research foci of the department include Environmental Geography (environmental assessment, analysis and management; conservation; environmental planning); Nature-Society Relationships (human-environment interactions; cultural and political ecology); Geospatial Techniques (geographic information science; cartography; remote sensing); Regional Development Studies (rural livelihoods; the developing world; gender issues; Latin America; Southeast Asia; Sub-Saharan Africa); and Physical Geography (biogeography; geomorphology; meteorology and climatology).

The department's faculty is committed to providing the knowledge and skills required for success in today's global economy through a commitment to excellence in teaching, mentoring, and by providing student's with the most up-to-date methods, theories and technology available. Implicit in this mission is instilling in our students a passion for the discipline and its dominant themes and ideas, a sound understanding of their roles and responsibilities as global citizens, and the ability, desire and fortitude to think critically about the world around them.

Exceptions - Non Three Hour Lecture

The Ohio University Faculty Senate Resolution on the Number of Semester Hours per Course and Course Meeting Times for Quarters to Semesters (<http://www.ohio.edu/facultysenate/upload/CourseHourTimeResolutionfinal4-2009.doc>) resolved that, as a norm, undergraduate lecture courses on the Athens Campus shall be 3 semester hours and that exceptions to these norms will be allowed on the basis of pedagogical justification specific to a course or course sequence.

Three-hour courses are important for balancing student schedules, and three lecture hour per week blocks are important for classroom utilization. It is understood that there are special cases where the 3-lecture hour course norm does not apply, sometimes for categories of courses (recitals or band), sometimes for disciplinary standards, and sometimes for other reasons.

For the semester courses taught by your department that do not meet the 3 lecture hour norm, give a brief explanation of why the norm was not followed and/or what circumstances make these deviations from the norm not create a problem with classroom scheduling or student schedules. (Notes: Categories of courses can be addressed as a group rather than individually. If you are using a 'disciplinary standard' argument, please make comparisons to Ohio Schools on semesters or to Ohio University peer schools on semesters. If you are using a block scheduling approach, please list the courses that will be block scheduled and identify the semester(s) where the block scheduling applies.)

Reason: No reason given
