**General Info**

**Document Description:** Q2S Binder for Lancaster  
**Document ID:** 109511  
**Document Type:** BINDER  
**Contact Name:** James Smith  
**Designee Name:** Pramod Kanwar  
**Creation Info:** 06/08/2010 by Don Pendergast (pendergast)

**Document Version:** 1.0  
**Document Status:** REVIEW - UCC  
**Contact Oak ID:** smithj27  
**Designee Oak ID:** kanwar  
**Last Modification:** 12/07/2010 by James Fonseca (fonseca)

**Department/School Info**

**College:** RHE(null)  
**Department:** OUL(Lancaster)  
**Mission:** The mission of Ohio University Lancaster is to provide to the Central Ohio community higher education programs and services that promote intellectual, personal, and economic growth.

These programs and services are designed to increase the knowledge of our students, to help them establish disciplined habits of thought, to develop their ability to solve problems, to enable them to think critically and analyze values, to deepen their understanding, to broaden their perspectives, to enrich their awareness, and to enhance their careers.

As a regional campus of Ohio University and a state assisted higher education center, Ohio University Lancaster provides these programs and services in seven distinct areas to accomplish its mission.

**Undergraduate Education**

These programs provide the student with the opportunity of undertaking University degree work in preparation for transfer to Athens or another four year institution and/or earning an Associate of Arts or Associate of Science degree. The general education requirements of the University can be completed in this program area.

**Technical Education Programs**

These programs provide the student with technical education necessary for job entry, learning new skills or updating old skills and may culminate in a certificate or an associate degree.

**Economic Development Programs**

These programs provide, in partnership with business and industry, training and retraining services adapted to specific needs.

**Community Cultural Enrichment Programs**

These programs are designed to improve the community's quality of life. Through non credit course offerings, special services and programs, and awareness and understanding is provided that gives perspective to what we do in everyday life.

**Cooperative Education Partnerships**

These programs offer services to elementary, secondary, and vocational students through partnerships with area schools.

**Professional Development Programs**

These programs provide credit and non credit courses, workshops and seminars specifically designed to meet professional requirements for continuing education, certification or accreditation in selected professional fields.

**Selected Baccalaureate and Graduate Programs**

In its distinct role of offering undergraduate programs for many non traditional students, Ohio University Lancaster is able to provide some upperclass work toward a baccalaureate degree. These programs are closely linked to Athens programs for completion of baccalaureate degrees. Through the cooperation of departments on the University's main campus, the Lancaster campus is able to offer a limited number of graduate programs. Also, from time to time, selected graduate courses are offered on the regional campuses.

**Programs**

#### Exceptions - Non Three Hour Lecture

The Ohio University Faculty Senate Resolution on the Number of Semester Hours per Course and Course Meeting Times for Quarters to Semesters (<http://www.ohio.edu/facultysenate/upload/CourseHourTimeResolutionfinal4-2009.doc>) resolved that, as a norm, undergraduate lecture courses on the Athens Campus shall be 3 semester hours and that exceptions to these norms will be allowed on the basis of pedagogical justification specific to a course or course sequence.

Three-hour courses are important for balancing student schedules, and three lecture hour per week blocks are important for classroom utilization. It is understood that there are special cases where the 3-lecture hour course norm does not apply, sometimes for categories of courses (recitals or band), sometimes for disciplinary standards, and sometimes for other reasons.

For the semester courses taught by your department that do not meet the 3 lecture hour norm, give a brief explanation of why the norm was not followed and/or what circumstances make these deviations from the norm not create a problem with classroom scheduling or student schedules. (Notes: Categories of courses can be addressed as a group rather than individually. If you are using a 'disciplinary standard' argument, please make comparisons to Ohio Schools on semesters or to Ohio University peer schools on semesters. If you are using a block scheduling approach, please list the courses that will be block scheduled and identify the semester(s) where the block scheduling applies. )

**Reason:** Courses offered on regional campuses. Three-hour lecture norm does not apply.
