**Mission:** In the Department of Management Systems, students are our primary focus, and we view ourselves as members of a team engaging in a collaborative teaching and learning process. In support of this, we strive for continuous improvement of course content, delivery, and integration. We value diversity in ourselves, our students, and in our various constituencies and affirm our commitment to be responsive to the opportunities and challenges inherent in that diversity. Our primary objective is to help students learn and our primary reference group is the global business community. Therefore, we strive to prepare our graduates to make significant contributions to that community and the larger community throughout their careers. To accomplish this, we commit ourselves as a faculty to being current, relevant, creative, and innovative in working with our students and the business community. We value honesty, integrity, and openness to new ideas in our interactions and our intellectual pursuits and recognize the importance of lifelong development through research efforts and professional activities commensurate with this mission statement.

Goals for Student Learning:

- Providing a realistic understanding of the business world to better prepare students for careers in their chosen field(s).
- Enhancing learning opportunities by providing exposure to and interaction within the international environment.
- Sensitizing students to the myriad aspects of diversity and ethical considerations.
- Employing a variety of teaching and learning methods to give students the benefits of a multifaceted approach.
- Enhancing the ability of students to network and collaborate effectively.
- Enhancing the ability of students to communicate effectively in writing and orally.
- Enhancing the ability of students to solve problems.

#### Exceptions - Non Three Hour Lecture

The Ohio University Faculty Senate Resolution on the Number of Semester Hours per Course and Course Meeting Times for Quarters to Semesters (<http://www.ohio.edu/facultysenate/upload/CourseHourTimeResolutionfinal4-2009.doc>) resolved that, as a norm, undergraduate lecture courses on the Athens Campus shall be 3 semester hours and that exceptions to these norms will be allowed on the basis of pedagogical justification specific to a course or course sequence.

Three-hour courses are important for balancing student schedules, and three lecture hour per week blocks are important for classroom utilization. It is understood that there are special cases where the 3-lecture hour course norm does not apply, sometimes for categories of courses (recitals or band), sometimes for disciplinary standards, and sometimes for other reasons.

For the semester courses taught by your department that do not meet the 3 lecture hour norm, give a brief explanation of why the norm was not followed and/or what circumstances make these deviations from the norm not create a problem with classroom scheduling or student schedules. (Notes: Categories of courses can be addressed as a group rather than individually. If you are using a 'disciplinary standard' argument, please make comparisons to Ohio Schools on semesters or to Ohio University peer schools on semesters. If you are using a block scheduling approach, please list the courses that will be block scheduled and identify the semester(s) where the block scheduling applies.)
