Department/School Info

College: A&S(null)

Department: ML(Modern Languages)

Mission: The study of language is fundamental to the liberal arts tradition of higher education. As a department that offers major, minor, and certificate programs in French, German, Italian, Portuguese, Russian, and Spanish, the Department of Modern Languages firmly believes that to study another language and culture adds multiple dimensions to education. Consequently, we are committed not only to developing communication skills in a second language, but also to teaching students to analyze cultural and literary texts, conduct and present original research, access and evaluate multiple points of view, and develop life-long learning strategies. We help students develop the ability to appreciate diversity and think critically from beginning language through MA-level literature, culture, pedagogy, linguistics, translation, and film courses. Our study abroad programs provide students the opportunity to experience, analyze, and understand cultural differences while improving their language skills. Students in Modern Languages acquire tools needed for professional success as global citizens.

Exceptions - Non Three Hour Lecture

The Ohio University Faculty Senate Resolution on the Number of Semester Hours per Course and Course Meeting Times for Quarters to Semesters (<http://www.ohio.edu/facultysenate/upload/CourseHourTimeResolutionfinal4-2009.doc>) resolved that, as a norm, undergraduate lecture courses on the Athens Campus shall be 3 semester hours and that exceptions to these norms will be allowed on the basis of pedagogical justification specific to a course or course sequence.

Three-hour courses are important for balancing student schedules, and three lecture hour per week blocks are important for classroom utilization. It is understood that there are special cases where the 3-lecture hour course norm does not apply, sometimes for categories of courses (recitals or band), sometimes for disciplinary standards, and sometimes for other reasons.

For the semester courses taught by your department that do not meet the 3 lecture hour norm, give a brief explanation of why the norm was not followed and/or what circumstances make these deviations from the norm not create a problem with classroom scheduling or student schedules. (Notes: Categories of courses can be addressed as a group rather than individually. If you are using a 'disciplinary standard' argument, please make comparisons to Ohio Schools on semesters or to Ohio University peer schools on semesters. If you are using a block scheduling approach, please list the courses that will be block scheduled and identify the semester(s) where the block scheduling applies.)

Reason: All 1000 level language courses must meet four times a week. This is why there are four contact hours. For pedagogical reasons, beginning level language classes need to meet more than three hours a week. This is standard practice at universities around the country.

The ML 2491 - 2497 courses (all the study abroad prep courses) must meet one time a week. These courses are offered on campus PRIOR to the beginning of a study abroad program (before departure). While these courses are a vital part of the entire education abroad experience, it is not necessary that they meet more than one time a week.
