

Q2S Binder for Psychology

General Info

Document Description: Q2S Binder for Psychology

Document ID: 107954

Document Type: BINDER

Contact Name: Bruce Carlson

Designee Name: None

Creation Info: 03/17/2010 by Don Pendergast (pendergd)

Document Version: 1.0

Document Status: REVIEW - UCC

Contact Oak ID: carlsonb

Designee Oak ID: None

Last Modification: 11/29/2010 by Thomas Scanlan (scanlant)

Department/School Info

College: A&S(null)

Department: PSY(Psychology)

Mission: The Department of Psychology is committed to furthering the understanding of human behavior. It seeks to accomplish its mission in three interrelated ways. The first is by conducting research that is nationally and internationally recognized for its contributions to the field. The second is by offering outstanding undergraduate and graduate programs that produce students who are knowledgeable about psychology, who are capable of conducting psychological research, and, in the case of selected graduate programs, who are equipped with the expertise to provide psychological services to their clients. The third is by establishing an outstanding record of professional service not only to the University, but also to the local Athens community and to the broader Appalachian region.

Exceptions - Credit Analysis

Course ID	Name	Type	Credit Hours	Components	Doc. Status	Review Level
-----------	------	------	--------------	------------	-------------	--------------

Exceptions - Non Three Hour Lecture

The Ohio University Faculty Senate Resolution on the Number of Semester Hours per Course and Course Meeting Times for Quarters to Semesters (<http://www.ohio.edu/facultysenate/upload/CourseHourTimeResolutionfinal4-2009.doc>) resolved that, as a norm, undergraduate lecture courses on the Athens Campus shall be 3 semester hours and that exceptions to these norms will be allowed on the basis of pedagogical justification specific to a course or course sequence.

Three-hour courses are important for balancing student schedules, and three lecture hour per week blocks are important for classroom utilization. It is understood that there are special cases where the 3-lecture hour course norm does not apply, sometimes for categories of courses (recitals or band), sometimes for disciplinary standards, and sometimes for other reasons.

For the semester courses taught by your department that do not meet the 3 lecture hour norm, give a brief explanation of why the norm was not followed and/or what circumstances make these deviations from the norm not create a problem with classroom scheduling or student schedules. (Notes: Categories of courses can be addressed as a group rather than individually. If you are using a 'disciplinary standard' argument, please make comparisons to Ohio Schools on semesters or to Ohio University peer schools on semesters. If you are using a block scheduling approach, please list the courses that will be block scheduled and identify the semester(s) where the block scheduling applies.)

Reason: No reason given
