**Mission:** Ohio University will be the nation's best transformative learning community where students realize their promise, faculty advance knowledge, staff achieve excellence, and alumni become global leaders.

Within the context of this Ohio University Vision, the central mission for the regional campuses as stated in Task Force on the Future of Higher Education, 2008, is to meet the higher educational needs of our respective communities and to provide programming at the certificate, associate degree, and baccalaureate degree levels as well as minors and non-credit coursework. The regional campuses provide courses to meet the transfer mission not only to Athens, but also to other colleges and universities. The regional campuses also provide workforce education, including business and industry training. The regional campuses also serve as centers for cultural activities and for information (library) and technology support for their communities. The campuses are partners with secondary and elementary schools in their communities and assist them in fulfilling their educational mission.

**Exceptions - Non Three Hour Lecture**

The Ohio University Faculty Senate Resolution on the Number of Semester Hours per Course and Course Meeting Times for Quarters to Semesters (<http://www.ohio.edu/facultysenate/upload/CourseHourTimeResolutionfinal4-2009.doc>) resolved that, as a norm, undergraduate lecture courses on the Athens Campus shall be 3 semester hours and that exceptions to these norms will be allowed on the basis of pedagogical justification specific to a course or course sequence.

Three-hour courses are important for balancing student schedules, and three lecture hour per week blocks are important for classroom utilization. It is understood that there are special cases where the 3-lecture hour course norm does not apply, sometimes for categories of courses (recitals or band), sometimes for disciplinary standards, and sometimes for other reasons.

For the semester courses taught by your department that do not meet the 3 lecture hour norm, give a brief explanation of why the norm was not followed and/or what circumstances make these deviations from the norm not create a problem with classroom scheduling or student schedules. (Notes: Categories of courses can be addressed as a group rather than individually. If you are using a 'disciplinary standard' argument, please make comparisons to Ohio Schools on semesters or to Ohio University peer schools on semesters. If you are using a block scheduling approach, please list the courses that will be block scheduled and identify the semester(s) where the block scheduling applies. )
