

Q2S Binder for Social and Public Health

General Info

Document Description: Q2S Binder for Social and Public Health

Document ID: 110825

Document Type: BINDER

Contact Name: Matthew Adeyanju

Designee Name: Tania Basta

Creation Info: 09/13/2010 by Don Pendergast (pendergast)

Document Version: 2.0

Document Status: REVIEW - UCC

Contact Oak ID: adeyanju

Designee Oak ID: basta

Last Modification: 01/19/2011 by Jeffrey Giesey (giesey)

Department/School Info

College: HHS(null)

Department: SPH(Social and Public Health)

Mission: The Department of Social and Public Health provides students with the lifelong ability to seek and acquire information and transform this knowledge into responsible action within the environmental, public health, and health-care communities. This mission recognizes that the education of students through the critical thinking process is our highest priority.

The Department of Social and Public Health is committed to:

The provision of quality education to our students in the environmental, public health and health sciences professions through the critical thinking process.

* The contribution of knowledge in the environmental, public health and health sciences professions.

* The personal and professional growth of both students and faculty through support of academic development, scholarly activities and community service.

* The integration of classroom activities, research and practical experiences in professional settings.

* The involvement and participation in Community Outreach services. Research and scholarly endeavors as means of contributing to the body of knowledge in the environmental, public health and health sciences professions.

* The provision of a healthy learning atmosphere for students, and a professionally stimulating work environment for faculty and staff.

* The support of activities for community development as well as professional needs.

* Showing mutual respect and concern for one another, the University, the community, and professionals in the health and health-related fields.

* Acknowledging and embracing cultural and ethnic diversity among students, faculty and staff.

Exceptions - Non Three Hour Lecture

The Ohio University Faculty Senate Resolution on the Number of Semester Hours per Course and Course Meeting Times for Quarters to Semesters (<http://www.ohio.edu/facultysenate/upload/CourseHourTimeResolutionfinal4-2009.doc>) resolved that, as a norm, undergraduate lecture courses on the Athens Campus shall be 3 semester hours and that exceptions to these norms will be allowed on the basis of pedagogical justification specific to a course or course sequence.

Three-hour courses are important for balancing student schedules, and three lecture hour per week blocks are important for classroom utilization. It is understood that there are special cases where the 3-lecture hour course norm does not apply, sometimes for categories of courses (recitals or band), sometimes for disciplinary standards, and sometimes for other reasons.

For the semester courses taught by your department that do not meet the 3 lecture hour norm, give a brief explanation of why the norm was not followed and/or what circumstances make these deviations from the norm not create a problem with classroom scheduling or student schedules. (Notes: Categories of courses can be addressed as a group rather than individually. If you are using a 'disciplinary standard' argument, please make comparisons to Ohio Schools on semesters or to Ohio University peer schools on semesters. If you are using a block scheduling approach, please list the courses that will be block scheduled and identify the semester(s) where the block scheduling applies.)

Reason: No reason given
