**Department/School Info**

**College:** A&S(null)

**Department:** SOC(Sociology and Anthropology)

**Mission:** The Department of Sociology and Anthropology combines two interrelated academic disciplines committed to the principles of a liberal education. We assist students in learning to study, analyze, and understand human behavior. We are committed to equipping students with a broad view of the world consistent with the goals of a liberal arts education. Students will be prepared to understand the structures and patterns upon which everyday life rests; the interplay between biography, history and their intersections within social structures; to interpret social patterns and relationships from multiple perspectives; and to examine existing, historical, and pre-historic social arrangements critically. The mission of the Department of Sociology and Anthropology is intricately tied to the mission of the university and the College of Arts and Sciences which recognizes the richness of our multiculturalism and diversity. In this regard, an important part of our mission is to educate students for world citizenship. We are also committed to creative scholarship to foster the growth of sociological and anthropological knowledge through active research by faculty and students in support of our mission to enhance learning for students.

#### Exceptions - Non Three Hour Lecture

The Ohio University Faculty Senate Resolution on the Number of Semester Hours per Course and Course Meeting Times for Quarters to Semesters (<http://www.ohio.edu/facultysenate/upload/CourseHourTimeResolutionfinal4-2009.doc>) resolved that, as a norm, undergraduate lecture courses on the Athens Campus shall be 3 semester hours and that exceptions to these norms will be allowed on the basis of pedagogical justification specific to a course or course sequence.

Three-hour courses are important for balancing student schedules, and three lecture hour per week blocks are important for classroom utilization. It is understood that there are special cases where the 3-lecture hour course norm does not apply, sometimes for categories of courses (recitals or band), sometimes for disciplinary standards, and sometimes for other reasons.

For the semester courses taught by your department that do not meet the 3 lecture hour norm, give a brief explanation of why the norm was not followed and/or what circumstances make these deviations from the norm not create a problem with classroom scheduling or student schedules. (Notes: Categories of courses can be addressed as a group rather than individually. If you are using a 'disciplinary standard' argument, please make comparisons to Ohio Schools on semesters or to Ohio University peer schools on semesters. If you are using a block scheduling approach, please list the courses that will be block scheduled and identify the semester(s) where the block scheduling applies.)
