

SURVEY OF EARNED DOCTORATES (SED) WEB REGISTRATION OPTION

Congratulations on completing your doctorate!

The Survey of Earned Doctorates is the definitive source of information on the nation's new research doctorates. Sponsored by the National Science Foundation and five other Federal agencies and conducted by NORC, the SED is critical to understanding in what specialty areas doctorates are produced and their post-graduation employment plans. Results are used by government as well as academic institutions to make decisions about graduate education funding, developing new programs and supporting existing ones.

The ability of the survey to describe accurately your class of doctorate earners depends on obtaining responses from all doctorate degree recipients. Your response affects decisions made for the future generations of doctorate recipients.

When you click the link at the bottom of this page, you will be taken to a site to begin the survey. You will be emailed a pin immediately, in case you do not have time to finish the full survey at one time.

It is no longer required to enter tad@ohio.edu as a secondary email address, however please retain your confirmation email for your records or in case there is an issue with TAD Services receiving our copy of the confirmation email.
