## Ohio University

Admission

### Self-Managed Application Process

Read all instructions carefully. Complete all requested information, and be sure to sign each of the application forms. Application processing cannot be completed without the appropriate signatures.

To facilitate your application, please collect all required transcripts in sealed envelopes from the issuing institution and include them with your application materials and the application fee. Domestic students will be mailing two separate envelopes: one to the Graduate College, and one to the academic program (programs) to which you are applying. All application materials should arrive together at the Graduate College and in the office of the degree program to which you are applying. Students applying from overseas should send all materials to the Graduate College in just one envelope. For a breakdown of what to include in your application packet, refer to the application checklist contained in this packet. Official test scores must be requested from the appropriate testing agency for reporting to Ohio University.

### General Information

- Completing your application online at [www.ohio.edu/graduate](http://www.ohio.edu/graduate) will speed processing of your application.
- Credit cards are accepted only with a Web application. Paper-based applications must include the nonrefundable application fee in order to be processed. Check, cash, or money orders are accepted. Make checks/money orders payable to Ohio University. Please do not mail cash.
- Please **do not** submit your application forms in a binder or other form of notebook.
- You are responsible for contacting programs regarding what supplemental materials and tests are required to complete your application, as well as application deadlines.
- Scores for GRE, GMAT, TOEFL, IELTS, or other required tests must be reported directly from the testing agency to Ohio University. Photocopies of student score reports are not accepted as official. The Ohio University reporting code is 1593. GRE and GMAT test scores more than five years old are not accepted. TOEFL and IELTS scores more than two years old are not accepted.
- You are encouraged to make a photocopy of your application forms for your own records.
- To facilitate communication with you during the application and admission process, the Graduate College will rely on e-mail. Please maintain and check the e-mail account indicated on your application form throughout the admission process. Please notify the office of any change in e-mail, phone number, or address.
- Residency for tuition purposes is based on information provided in the application for in-state tuition (Form 2). Students holding F or J visas are not eligible for consideration for Ohio Residency unless they are a minor dependent or a spouse of an Ohio resident. Petition forms are available from the Graduate College or can be downloaded from the Graduate College Web site.

### Application and Document Information

Applications must be completed and signed by the applicant. False or incomplete information provided as any part of this application material may result in cancellation of admission, registration, or both.

Information about your application status, other than confirmation that your application has been received and the program to which you have applied, cannot be disclosed over the telephone or to any third party not specifically designated by you. If you wish to give another person access to your application information, list that person's name in the space provided on the application form. Admission decisions are sent via U.S. post. The Graduate College office does not give this information over the telephone.

In providing an application form and inviting application, Ohio University places itself under no obligation to admit any individual person. The officials of the University stand ready to register a student admitted for a specific quarter, providing he or she arrives before the quarter begins. In order to register, non-immigrant students must hold a valid Certificate of Eligibility (I-20 or DS-2019) for study at Ohio University.

**Thank you** for your interest in graduate study at Ohio University. To facilitate your application, please review the information contained in this packet carefully. Applications received without the appropriate non-refundable application fee will not be processed. Faxed applications are not accepted.

Individuals interested in admission as a graduate transient student or admission to the Master of Public Health Consortium program should not use this application. Visit the Graduate College home page at [www.ohio.edu/graduate](http://www.ohio.edu/graduate) for links to those applications.

Individuals interested in admission at the undergraduate level or to the College of Osteopathic Medicine should not use this application. Visit the Ohio University home page at [www.ohio.edu](http://www.ohio.edu) for links to those applications.

The Graduate Catalog is available online at [www.ohio.edu/graduate](http://www.ohio.edu/graduate)

All documents received by the University in connection with an application for admission become the property of Ohio University. Under no circumstances will application or academic documents be returned or forwarded to any agency or other college or university. Portfolio materials may be returned as noted by the department to which they were submitted.

## Transcript Information

Your application must include two (2) official transcripts from every college or university attended, even if you did not earn a degree and/or courses are reflected on another transcript. If you are applying to more than one degree program, you must include an additional transcript for each program. Example 1: A student applying to the master's program in political science would provide two transcripts from each institution. Example 2: An applicant to the M.B.A./M.S.A. program would provide three transcripts from each institution. Example 3: A student applying to a program in art and a program in education would provide three transcripts from each institution.

- Ohio University transcripts will be obtained by the Graduate College on your behalf.
- Transcripts from U.S. and Canadian institutions must be received in envelopes sealed by the issuing institution. Transcripts that have been opened, photocopied, or marked as unofficial will not be accepted as official. If the institution will not provide sealed copies directly to you, request that transcripts be mailed directly to the Graduate College, McKee House, 44 University Terrace, Ohio University, Athens OH 45701-2979.
- Transcripts/mark sheets from non-U.S. institutions must be official or registrar-certified, in envelopes sealed by the issuing institution if possible. If original documents are not in English, also provide an official certified copy of all documents in English. The transcript/mark sheet must bear the seal and original signature of the school and school official and clearly show the name and address of the institution, the date you entered and left the institution, the date any degree was earned, all courses taken and grades received, and the system of grading used, indicating the highest mark and the lowest passing mark. Summary documents listing only classes passed are not accepted. The transcript/mark sheets must show all course attempts with grades earned. If the transcript/mark sheet does not name the degree and date earned, an official or registrar-certified copy of the diploma or graduation certificate that indicates the degree and date awarded must also be provided, with a certified English translation if the original is not in English.
  - Special note for Republic of India institutions: Submit certified copies of mark sheets received at the end of each semester/annual exam and a certified copy of the degree certificate. Provisional certificates are accepted in lieu of the degree certificate only if the certificate lists the degree and date the degree will be conferred. All documents must be certified by the principal of the college attended or the registrar of the degree-granting university.
- For U.S. students studying abroad, if your home institution or other U.S. institution gave you credit for your study, you do not need to provide official transcripts from the foreign institution, but you do need to provide transcripts from the sponsoring U.S. institution. Please note all foreign study abroad institutions on the application form.

## Applying to More Than One Program

In order to apply for more than one program, extra forms are required. For each additional program you must submit an additional application form (Form 1), an additional background information and references form (Form 3), three (3) additional recommendation forms, one (1) additional official transcript from each postsecondary institution (please see Transcript Information for more details), and additional supplemental materials that are required by the departments that you are applying to.

## Dual Degree and IIP Applications

Applications for dual degrees (other than the M.B.A./M.S.A. or M.B.A./M.H.A.) must include a dual/second degree program form. Applications for the Individual Interdisciplinary Program must include a completed IIP Proposed Program of Study. Both forms are available from the Graduate College, McKee House, or can be downloaded from [www.ohio.edu/graduate](http://www.ohio.edu/graduate). Applicants to IIP should send all application materials in one envelope to the Graduate College.

## Academic Calendar

Ohio University operates on a quarter system. Fall quarter begins in September, winter quarter begins in January, spring quarter begins in March, and summer quarter begins in June.

## Admission Deadlines

Deadline for receipt of application materials varies by department. Please contact the department to which you are applying for specific application deadlines. For programs that admit each quarter, applications should be submitted at least six weeks prior to the term in which you are seeking to begin classes. Students who need to apply for visas are encouraged to submit all application materials at least nine months prior to desired term of entry.

## APPLICATION FEES EFFECTIVE 9/18/2007

Initial/first degree* U.S. Citizens and Permanent Residents	\$50
International	\$55
Nondegree/Certificate	\$35
Transient	\$35
Second degree	\$25
Reapplication	\$25
Nondegree to Degree	\$15

\*includes MBA/MSA and MBA/MHA joint degree programs

All fees are nonrefundable. Check, cash, or money order only. Make checks payable to Ohio University. Please do not mail cash.

## Non-degree and Certificate Students

Students interested in earning certificates or taking graduate courses without working toward a graduate degree can apply for non-degree status. Application is made to a specific department. As not all programs admit students in non-degree status, interested persons are encouraged to contact the program or department directly to inquire about applying for non-degree status and to confirm what supporting materials are required for submission with an application. Non-degree applications must include two official transcripts from the college or university showing the highest college degree earned. Approval for non-degree admission does not constitute admission to a degree program, and credit earned in non-degree status will not normally be applied toward a graduate degree at Ohio University.

## Transient Students

A transient student is one who is currently working toward a graduate degree at another university and seeking temporary admission status to earn graduate credit at Ohio University for transfer to his/her home university. To apply for transient student status, do NOT complete this application. A Transient Application Packet can be downloaded from the Graduate College Web site, [www.ohio.edu/graduate](http://www.ohio.edu/graduate).

## Reapplication/Deferring

Your application is valid for one calendar year. Incomplete, denied, and withdrawn applications will be destroyed after one year. Files for students who are admitted but fail to enroll or defer will be destroyed after one year. If you are admitted but are unable to enroll for classes, you may request a deferral to a future quarter from your department. If that deferral extends beyond a year from the term of your initial application, you must reapply, pay the reapplication fee, and be readmitted. Please note that assistantship offers may not defer.

## Additional Information for International Applicants:

**English Proficiency.** The language of instruction at Ohio University is English. Therefore, proficiency in reading, writing, speaking, and understanding English is essential. Proficiency for non-native speakers of English is demonstrated by submitting official results of one of two standardized tests: the Test of English as a Foreign Language (TOEFL) or the International English Language Testing System (IELTS) academic module.

- The recommended minimum TOEFL score is 550 (paper), 213 (computer) or 79 (Internet). The recommended minimum IELTS score is 7.0 across all bands. Tests older than two years are not accepted. Official scores must be reported directly to Ohio University by the testing agency. The Ohio University reporting code for the TOEFL is 1593. Failure to submit official test scores may result in a delay in issuing a Certificate of Eligibility (I-20 / DS-2019)

**Students Exempt From Submitting TOEFL or IELTS Scores.** Native English speakers and those who, within the past two years, received a bachelor's or advanced degree from an accredited college or university in the United States, or who have completed at least three years of a full-time study at a governmentally-accredited institution of higher education outside the United States where English is the primary language of instruction. Individual programs may require any individual to demonstrate proficiency. All admitted students whose native language is not English are subject to taking the TOEFL upon arrival at Ohio University.

**Financial Support.** Ohio University requires confirmation of financial resources from all applicants who require F-1 or J Visa status to support the first year of academic study. These statements must be on file in the Graduate College before a Certificate of Eligibility (Form I-20 or DS-2019) can be issued. This is documented with the Graduate Student Ohio University Financial Support Form (Form 4). Failure to complete a Financial Support Form at the time of application may result in delays in issuing an I-20 or DS-2019 if you are admitted. Graduate assistantships are not awarded on the basis of financial need, so completing a Financial Support Form does not impact whether or not you will be offered an assistantship.

**English Translations.** All documents not in English must be submitted with a certified English translation.

**Application Deadlines.** International students are encouraged to submit complete applications at least nine months in advance of the desired term of entry. Many departments have early application deadlines; these are usually posted on the department's Web site, which can be reached through [www.ohio.edu/graduate/international](http://www.ohio.edu/graduate/international). Please refer to those as you prepare your materials.

**Passport Names.** The name on your certificate of eligibility must match your passport exactly. Please submit with your application a photocopy of the photo page of your passport and passports for any dependents who will accompany you. If a passport is not available, you may submit a photocopy of that individual's birth certificate.

The bank letter or statement must bear the signature and stamp of the bank official.
- ⓪ If you are being sponsored:
  - Provide a copy of this page of the instructions to your sponsor(s).
  - Have your sponsor(s) submit a letter certifying their relationship to you, their current address, and the amount they are providing for support, along with a recently issued original/certified bank statement or letter, translated into English and indicating the owner of the account, the date, the type of account (e.g., checking, savings), account number, and the current balance of the account expressed in U.S. dollars (USD). The bank letter or statement must bear the signature and stamp of the bank official.
  - Students sponsored by a scholarship, grant, or loan from government/agency must attach an official letter of award and payment/billing instructions.

**If you are being sponsored by a business or corporation**, the owner(s) must submit an original letter on company letterhead stating they are sponsoring you, the total value of that sponsorship, and the required financial documents. All owners' names must be listed in the letter and they are each required to sign the letter. *If one individual owns the business/corporation, the letter must indicate that person is the sole owner.*

**If you are being sponsored by the government**, submit an original letter on official letterhead indicating your name, date of birth, amount of money the government is providing, length of study and the name of university you will be attending.
