Gender Neutral Housing Community Contract

(To be completed when checking into the residence hall)

The Ohio University community defines Gender Neutral Housing as an inclusive, voluntary environment where students can live in the same room with any other student regardless of sex, biological gender, gender identity, gender expression, and sexual orientation.

Community Contract Terms

As part of the Gender Neutral living community, I agree:

- To abide by all regulations as outlined in the Student Code of Conduct and the Student Housing Handbook, and respect the purpose of the Gender Neutral Housing Community, as stated in the definition.
- To contribute positively to the community by offering support and encouragement for the living environment.
- To respect my floor members' different motivations for choosing this living option.
- To use inclusive and socially just language within and outside of the living space.
- To consciously practice habits that contribute to safe community living.
- To embrace and learn from experiences different from my own.
- To actively participate in community events including, but not limited to, floor meetings, socials and building wide programs.
- To support social justice and diversity initiatives launched from within the community.
- To educate my guests about community expectations and values.

Community Expectations

The success of the community and the fulfillment of its mission are dependent upon full participation of all members. Residential Housing will ask students who violate these agreements to meet with the senior staff member in the hall (RC or RD) to evaluate the student's impact on the gender neutral community. In addition to this contract, all members of the gender neutral community are required to attend floor section meetings at the beginning of each academic term to develop and refine a community agreement.

I have read the above and understand my responsibilities as a member of the community. I understand that noncompliance with this contract may result in my relocation to another space on campus.
