

2003-2004

RLC Community Information

BRAVO!

Designed for non-Fine Arts majors, this RLC employs elements of music, theater, dance and art to address many issues facing college students today. As a participant in this RLC, you will take part in activities that allow you to explore our campus and its artistic resources. You may attend a dance performance as a medium to talk about diversity, visit an art gallery to discuss community responsibility, or read and dissect a play to sharpen critical thinking skills.

Examining America

Did you ever wonder where you fit into this complex world full of so many different types of people? This RLC will explore events that have shaped the laws, norms, and customs of our society. We will discuss our assumptions about issues and values that affect society today.

Mind, Body, and Balance

Mind, Body, and Balance will address the 'whole' you: self-awareness, your new community, personal wellness and the balance between these and college life. Through various exercises, discussions, and out-of-class activities we will challenge the balance between concepts of physical and mental health and your life as a college student. Exploring methods of mind and body fitness will be our goal.

Pop Culture

This RLC explores the elements of society that express and define our popular culture, including music, film, advertisements, print media, and television. Participants in this RLC will discuss the influence that media has on our popular culture and how it shapes individuals, groups, and society as a whole. Activities will encourage students to examine and analyze popular culture while connecting this influence to decisions made while in college and beyond.

From the Reel World to the Real World

Do movies imitate life or does life imitate movies? This community will make use of movies to increase understanding of human nature and cultures. We will explore individual and societal values as well as cultural and personal identities.
