

# Fall 2007

www.ohio.edu/learningcommunities

A learning community (LC) is a group of students who take a common set of courses together or share a common experience around their academics. Participants in an LC develop a deeper understanding of the courses' subject matter while they build relationships and learn together outside of the classroom.

## General LC Communities

Offered to all students regardless of major or college

### From the Reel World to the Real World

Do movies imitate life or does life imitate movies? This LC will make use of movies to increase understanding of human nature and cultures. Participants will explore individual and societal values as well as cultural and personal identities.

### Foreign Languages and Intercultural Connections

This learning community brings together students who are passionate about languages and exploring the world first-hand. Students in the group are learning different languages at various levels and have a common interest in communicating with people in other countries while preparing for careers that incorporate their linguistic abilities and intercultural skills. Particularly good choice for students in Arts & Sciences, as well as Communication – and you don't have to be a language major!

\*\*\* participants must also sign-up for a language course of their choice
