Founders Day

Hello Brothers

This fine winter quarter has been an eventful one for Ohio Nu. Starting the quarter with the highest GPA among men's chapters on campus was an excellent beginning. We are also getting ready to participate in Alpha Epsilon Pi's Bare on the Bricks near naked run down Court Street. With a ever growing pledge class nearing 10-13 guys we are also looking forward to growing our chapter at a healthy rate. Micheal Voll's brain child "Can Castle" is being featured in Greek Week this year and is looking to be a booming success. Speaking of Greek Week, Phi Kappa Psi has been paired with the ladies of Delta Zeta and the men of Sigma Lambda Beta, look forward to being able to celebrate a Greek Week victory 2 years running. We held the 3rd annual Phi Kappa Psi Milk Chug on the 17th of February and Chris Suntala has completed the three-peat with a record time of 20 mins. Formal will be held on a riverboat in Cincinnati the first weekend of march and we are also planning a brotherhood white water rafting trip. Hope all is well with our fantastic alumni and we hope to see you all soon, happy Founders Day!

Amici,
