

Goodbye Quarters! Hello Semesters!

This is it. Quarters will soon be a thing of the past! In a few weeks you will be registering for your last quarter at UT.

The University of Toledo will be on a semester calendar in fall 1997. We believe that the new academic calendar will provide a better educational experience. You may feel some apprehension about this change, but we have made extensive preparations for this conversion to help ensure that it will be a positive experience – if you prepare properly.

To prepare you should:

- ⇒ Review the Academic Program Completion Guidelines (APCOG) provided by the department of your major.
- ⇒ Meet with your adviser to discuss the APCOG and to select the specific quarter and semester classes that you need to complete your major degree requirements. Be sure that spring and summer quarters this year include the completion of all course sequences begun in quarters.
- ⇒ Read the Student Semester Transition Guide. If you do not have a copy, get one from your college or our Web page, <http://www.utoledo.edu/www/sem-conv/>.

Please send me any questions regarding calendar conversion that your adviser cannot answer. I receive e-mail at semester@utoledo.edu and phone calls at (419) 530-7256.

The Professor Says, "Plan now for a smooth calendar conversion experience!"
