Subject: Add/Drop Messages

On Friday, November 18, 2005, an error occurred in a batch process that generated drop/add messages. You may have received e-mail notifications from the Registrar's Office containing drop/add activity from Fall Quarter 2005-2006. While this provides a comprehensive drop/add activity log for each class you teach, it does not require any action on your part.

We apologize for any inconvenience.
