**Date:** May 4, 2006, 8:04 a.m.  
**To:** faculty-list@ohio.edu;  
staff-list@ohio.edu  
**From:** Debra M. Benton, University Registrar  
**Subject:** Announcement from the University Registrar

Hello,

This past Saturday, April 29, 2006, all currently enrolled OHIO University students received an e-mail message with an incorrect Fall Quarter priority registration date and time. Students were notified via e-mail on Monday, May 1, 2006, of their correct registration date and time. In addition, the registration date and time that appears on printed DARS reports may be incorrect. Online DARS reports do display the correct registration date and time.

Please know that RAC information is unaffected by this process.

Students have access to view their registration date and time through this Web site:

<[http://www.ohio.edu/registrar/prereg\\_advising.cfm](http://www.ohio.edu/registrar/prereg_advising.cfm)>

The Registration Access Schedule is also available online from this Web site:

<<http://www.ohio.edu/registrar/regschedtimes.cfm>>

This message is being sent to all faculty and staff, but please share as needed across your department/school/college and with your students.

We apologize for the inconvenience and thank you for spreading the word.

Sincerely,  
Debra M. Benton
