

Quick Guide to Fire Safety in the Residence Halls

See OHIO Policy & Procedure #44.105,
Fire Emergencies, for complete details

- Learn where all exits are in your building.
- NEVER tamper with fire safety equipment.
- Don't prop open mod or stairwell doors.
- NO CANDLES, INCENSE OR OPEN FLAMES—period!
- Remove room trash on a frequent basis.
- Use only protected halogen lamps

- Plug microwave, air conditioning and power strips directly into wall outlets.
- Use only one appliance per extension cord.
- NO space heaters, toasters, toaster ovens, sandwich makers, food dehydrators, woks, waffle irons, hot plates, heating coils, electric skillet or crock pots.
- Don't leave fans or halogen lamps on and unattended. All must be UL approved.
- NO SMOKING
- Hot pots are ONLY for heating water.
- Follow the microfridge use instructions.
- NEVER leave a microwave unattended.

- Evacuation procedures require everyone to "evacuate the building immediately via the nearest available exit."
- Fire Safety education and training sessions are given at fire drills along with fire extinguisher training.
- How to report a fire is discussed at fire drills.
- Residence Halls are scheduled for fire alarm and sprinkler upgrades in the future as remodeling or upgrading is scheduled.
