

Ohio University Selects Io Consulting for PeopleSoft Campus Solutions Functional Training

February 27, 2009

Through a competitive bid process, Ohio University selected Io Consulting to deliver a series of module-specific functional courses for their PeopleSoft Campus Solutions 9.0 Application.

Io Consulting will deliver the following courses for the 9.0 Release:

- Academic Structure
- Communications, Checklists and Comments
- Recruiting and Admissions Fundamentals
- Student Enrollment
- Academic Records Maintenance
- Student Financials Fundamentals
- Financial Aid Fundamentals

The courses will be delivered onsite at the University starting in February and continuing into March of this year.

About Ohio University

Established by the Northwest Ordinance of 1787 and chartered in 1804, Ohio University is Ohio's first institution of higher education and one of America's oldest public universities. Ohio University is known for its nationally ranked academic programs, its strong commitment to the liberal arts, and the quality of its faculty and their effectiveness in helping students of all backgrounds achieve their promise.

Ohio University's educational mission is realized in a residential setting on its beautiful and historic 1,300-acre main campus in Athens, as well as through outreach on five regional campuses in Chillicothe, Ironton, Lancaster, St. Clairsville, and Zanesville. Collectively, the full-time, part-time, and continuing education enrollment for Ohio University is more than 29,000.

About Io Consulting

Founded in 1996, Io Consulting is a widely recognized leader in implementing, optimizing, and upgrading Oracle|PeopleSoft applications for the Higher Education sector. Io is also known for delivering expert PeopleSoft technical and functional training. One of the few consulting firms specializing in cross-module implementations, Io Consulting's resources have first-hand experience with Higher Education business practices as well as in-depth knowledge of the Oracle|PeopleSoft Human Resources, Finance, and Campus Solution product lines.

Io Consulting has successfully implemented or upgraded Oracle|PeopleSoft applications at a variety of Higher Education institutions, both public and private, ranging in size and scale.
