SIS Project Announcements

Agenda

- ⇒ Introductions
- ⇒ SIS Project Overview and Update
- ⇒ Survey Approach and Goals
- ⇒ Using Decision Director Survey
- ⇒ Next Steps

Understanding the SIS Project

- What is it?
- Why do we need it?
- Who will be impacted?
- When will this happen?

What is it?

- **SIS - Student Information System Project**
 - Provide a university-wide technology solution for managing student administration functions at OHIO University
 - SIS Scope under consideration
 - » Recruitment
 - » Admissions
 - » Registration
 - » Records
 - » Grades
 - » Transcripts
 - » Academic Advising
 - » Student Financials
 - » Financial Aid
 - » Housing/Dining
 - » Information Reporting
 - » Interfaces with other related applications

Why do we need it?

- Difficulties of current system
 - Based on 20-year old restrictive technologies
 - » Pre-Internet
 - » Pre-Email
 - » Pre-Relational Database
 - Difficult user interface
 - Current vendor support will require replacement/upgrade
- Benefits of new system
 - Enhanced self-service capabilities
 - Enhanced real-time access to information
 - Improved data security/access, data sharing
 - Intuitive customer interface
 - Customer-focused process design

Who will be impacted?

Students

Faculty

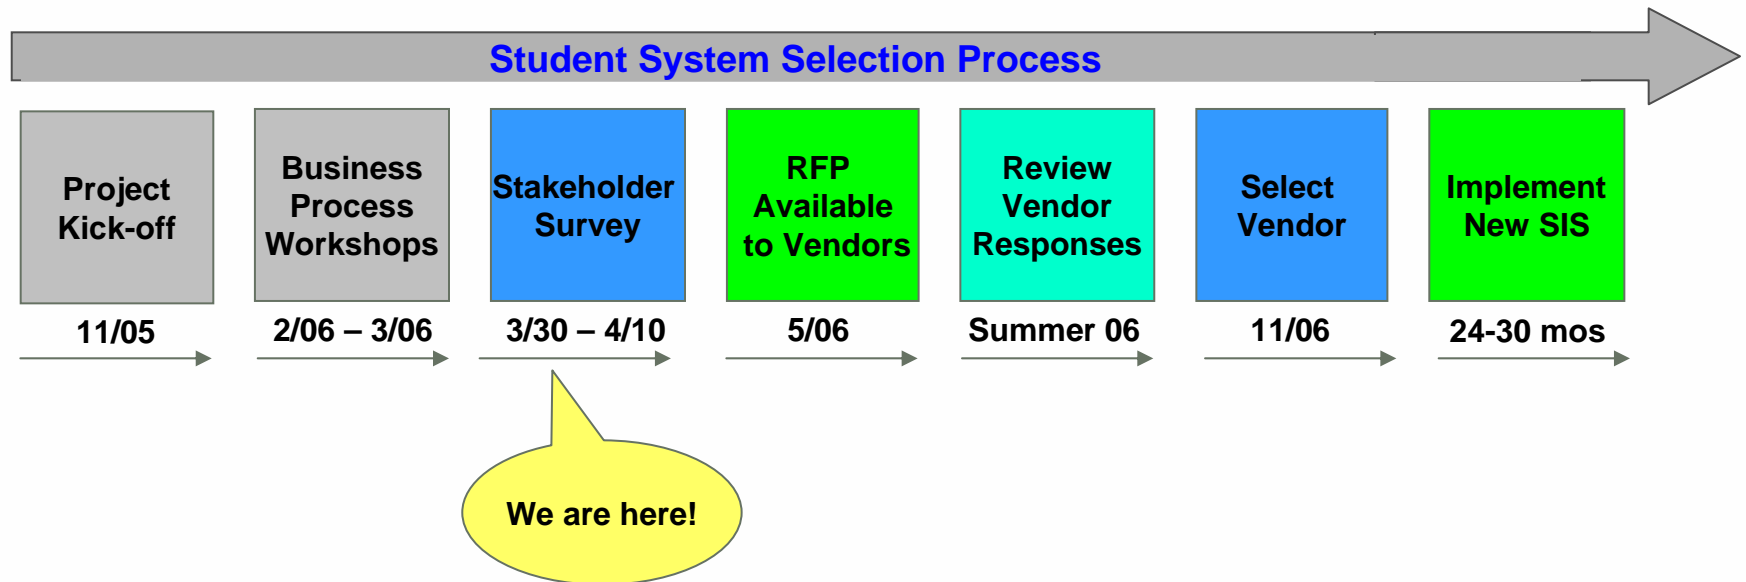

Staff

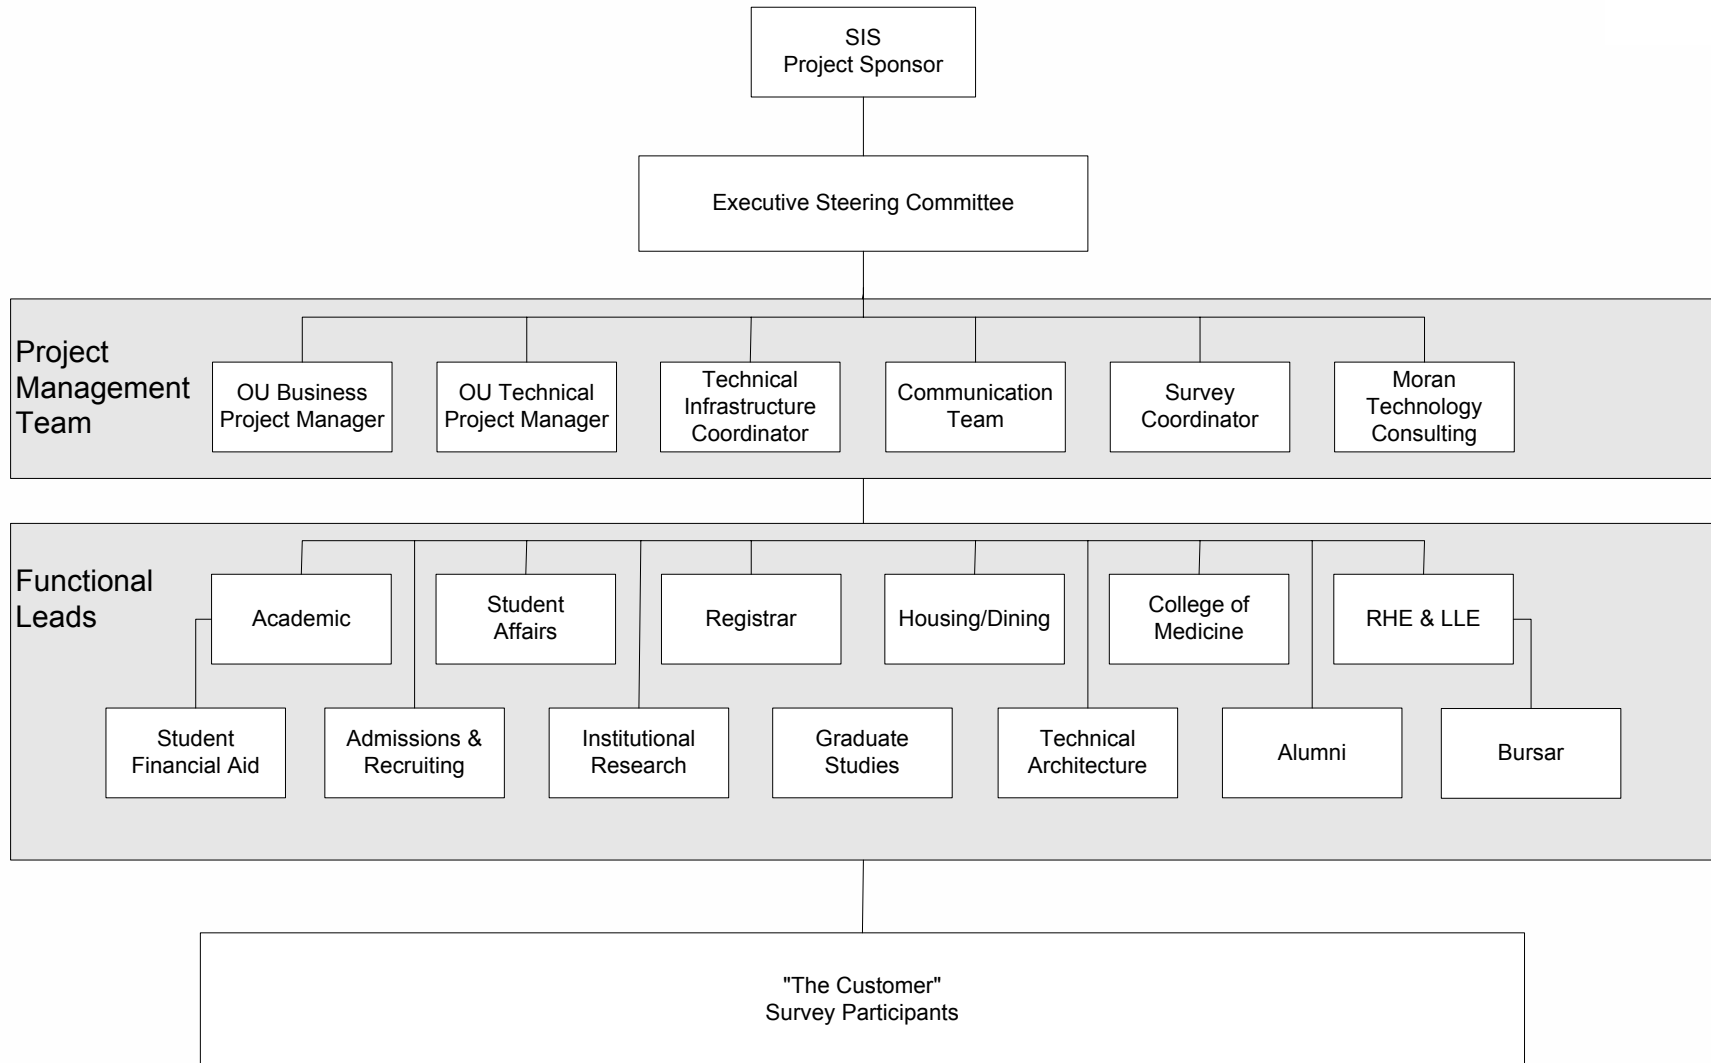

When will this happen?

Overall SIS Project Timeline

SIS Phase 2 Project Team Organization

What's been happening in Phase 2?

Working with our project team to:

- Identify and map critical business processes
- Engage as many stakeholders as possible
- Establish a high degree of understanding and support
- Create detailed requirements to populate survey tool

SIS Survey Goals

From our project charter:

“Build clear, concise, and realistic requirements focused on the customer”

- Understand our customers’ requirements and priorities
- Present opportunities and ideas from our peers
- Build awareness for the Student Information System project
- Educational opportunity (cross-functional, etc.)
 - Better understanding of the entire process from the customer’s perspective
- Leverage OU’s Decision Director Tool to collect input from our customers
 - SIS Customer Survey
 - Oracle HRMS and Financial Customer Survey

Advantiv's Decision Director Survey Tool

Decision Director

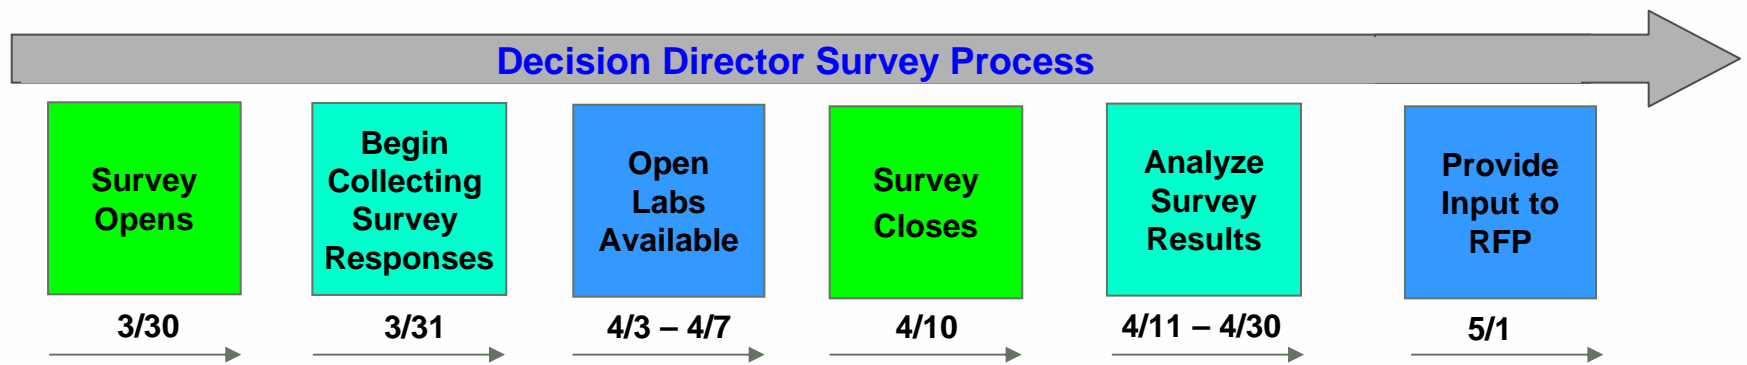

has been used at over 150 institutions
for 75+ projects involving more than 15,000 people

Taking the survey

It's so simple and your opinion is valued ...

- Look for an Email from the New OHIO SIS Project containing:
 - Your USERID and Password
 - Instructions
- Link to the Decision Director website – <https://www.decisiondirector.com>
- Click on Collaborate and get started
