

# Palm SyncML Installation and Configuration

## Syncml for Palm Installation

Open your Palm browser (Blazer) and download the following file.

[Synclml for Palm](http://www.synthesis.ch/dl.php/CPALMPRO) - <http://www.synthesis.ch/dl.php/CPALMPRO>

Scroll to the bottom of the page, accept the license agreement and choose "Download Now"

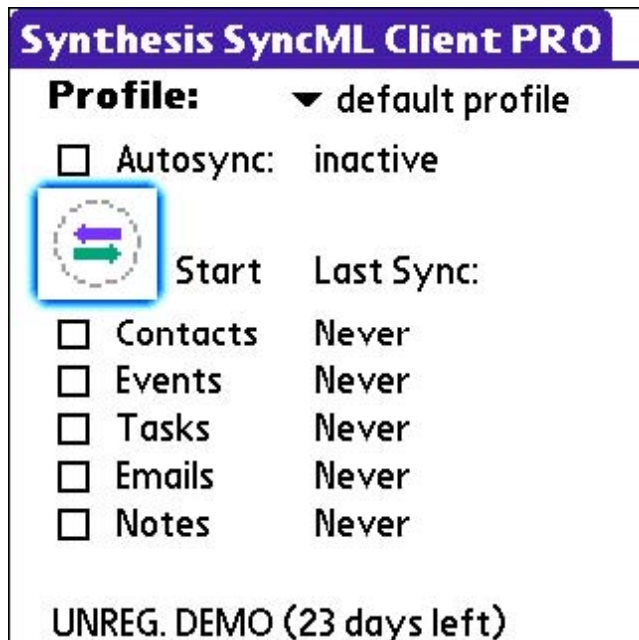

You will be prompted to download a file and select a location to save the file. Choose Yes.

If successful "File saved to Card" will appear once the file has successfully been downloaded. Choose OK

The program should now be installed in the chosen location.

## Syncml for Palm Configuration

Open the Synthesis SyncML client from the location it was installed.

Select menu and choose "Options". In the options menu choose "Profile Settings"

Enter "<https://schedule.ohio.edu/ocst-bin/ocas.fcgi>" for SyncML Server URL

Enter your oak-id information for User and Passwd

Select the items you wish to synchronize. (Contacts, Events and Tasks)

Select the "Autosync and Timed Sync" buttons if you wish to have the program sync automatically.

Next choose the “more” button beside “Tasks”  
 For Contacts “Server Path” enter “./Contacts”  
 For Events “Server Path” enter “./Calendar/Events”  
 For Tasks “Server Path” enter “./Calendar/Tasks”  
 Choose “Done” then choose “OK”

Select the double arrows to start the sync process.  
 If successful "Completed OK" and a date will appear next to the items successfully synced.

### Registration Information

After purchasing SyncML from [sitelicenses@ohio.edu](mailto:sitelicenses@ohio.edu), you will be emailed the registration code. Each license is \$50.
