

## TIER II: BREADTH OF KNOWLEDGE

To ensure exposure to broad knowledge of the major fields of learning, students beginning at Ohio University in Fall 2008 or later are required to complete a total of 32 credit hours from an approved list of courses in the following six areas:

**Applied science and Mathematics (2AS)**

**Cross-Cultural Perspectives (2CP)**

**Fine Arts (2FA)**

**Humanities and Literature (2HL)**

**Natural Sciences (2NS)**

**Social Sciences (2SS)**

The areas are often designated by the abbreviations above: 2AS, 2CP, 2FA, 2HL, 2NS, or 2SS.

You are required to take at least three credit hours in each of the six areas and may satisfy no more than two of the six areas with courses from the same department/school. You may satisfy no more than 12 of the 32 credit hours with courses from the same department/school.

You may apply no more than two approved Tier II courses in your major department/school or area of concentration (for B.S.S. students) toward partial fulfillment of your Tier II requirement.

### Applied Science and Mathematics (2AS)

To be educated for today and the future, students need to be aware of the nature of the technological revolution, its impact on society, and its application to the world of science and acquire a basic knowledge of the principles and methods of mathematics.
