Bachelor of Science in Integrated Healthcare Studies Pathway

The Integrated Healthcare Studies degree is designed for individuals who may be working in an allied health-related discipline to further their education or those who wish to enter into healthcare from a different perspective. The Integrated Healthcare Studies program responds to the need of an increasingly complex state of the American healthcare system by providing opportunities for students to acquire vital knowledge and skills that will be critical in practicing and navigating the healthcare system. Not only is the healthcare system becoming more complex, healthcare professions and healthcare support will be among the fastest growing occupations, requiring high levels of post-secondary education.

Online or On-Campus Convenience. Ohio University Quality.

- Review study materials and submit assignments online.
- Learn from distinguished professors.
- Progress through the degree in consultation with an Ohio University academic advisor.
- Flexibility to choose classes for your specific need.

Admission Requirements

- Any associate degree or 60 semester (90 total quarter) hours from regionally accredited school
- At least 9 semester hours in courses with a health or medical focus
- At least one course in each of the following areas: college level mathematics, English composition, and biological sciences.
- At least one course in psychology, sociology, or social work.
- A minimum combined GPA of 2.67 (B-) from all prior college-level coursework.
- All official transcripts submitted to Ohio University at the time of application.
