Recommendation High School Preparation

Ohio University strongly recommends that all applicants complete a college-preparatory secondary school curriculum in the country of residence, presenting above average grades. For example:

- Equivalent of 2.8 GPA/4.0 scale
- IB curriculum guidelines: average of 5 across all subjects
- Cambridge curriculum guidelines: based on IGCSE (O-levels); 6 passes of C or higher

Some programs have higher admission standards than the general University guidelines. See ohio.edu/freshman-selective for details.

Application Process

Ohio University operates on a holistic, selective review. Any student for whom a visa is required to study in the U.S. should submit an international application. Ohio University is a member of The Common Application. The application opens annually in August at commonapp.org

Ohio University offers a test-optional pathway for admission. All applicants, including test-optional applicants, will be eligible to be considered for University benefits, including direct admission to academic programs, merit based scholarships and honors and scholars programs. Applicants may submit test scores (ACT or SAT) if interested in having them considered. Visit ohio.edu/admissions/international/apply to learn more.

English Proficiency

To begin full-time academic study at OHIO, international applicants must show proof of English proficiency. Visit ohio.edu/english-proficiency to learn about accepted tests, required scores and exemptions.

The OHIO Guarantee+ is our way to invest in your success, for life. We have long provided level-rate tuition, housing, dining and fees locked in for four years (12 semesters including summers). Now, we’re delivering individualized graduation plans to all majors that ensure on-time and on-plan graduation, or we’ll make it right, including covering the cost of additional courses if necessary. Plus we’re expanding access to alumni-only scholarships for continuing education as well as career counseling for life.

Visit ohio.edu/guarantee to learn more.

International Application Deadlines

<tr>
<td>TOTAL</td>
<td>$41,587</td>
</tr>
</tbody>
</table>

2022-2023 total amount required to demonstrate availability of funds for an I-20 Certificate of Eligibility: $41,587

Please Note: The total listed represents one academic year (two semesters of study). Students who wish to study over the summer semester will need to budget additional funds.

1 Estimated expenses based on selected room and meal plan option. Costs may vary based on room and meal plan options. Subject to change by action of the Board of Trustees.

2 Other dining options available.

Housing and Dining Options for Every Budget

At OHIO, you can choose from a variety of room and meal plans to meet your price point. A Standard Double room is among the most affordable housing options, and the Traditional 14 is the lowest-priced meal plan for first-year students living on campus. The campus offers multiple dining venues and markets, which are known for accommodating many dietary needs, including vegetarian, vegan, halal-friendly and more.

Scholarships

Our generous academic merit-based partial scholarships represent our commitment to investing in international students. Apply by the November 15 early action deadline for priority consideration. No additional application is required. SAT or ACT exams are not required for consideration, and awards are renewable for all four years.

Many colleges, schools and departments consider students admitted to their academic programs for additional scholarship opportunities. In some cases, an additional application, audition, portfolio review or interview may be required to compete for those awards.

Visit ohio.edu/admissions/scholarships to learn more.
