

College of Arts & Sciences

Three keys to this plan: (1) before coming to OU the student should have earned 14 credits in Latin with an AP Latin score • 4; (2) at OU, the student will choose courses that can double count, both for the OU general education requirements and for the College of Arts & Sciences area requirements. Specific examples of such courses are noted on the template below; (3) a student may complete a three-year degree in Classical Languages without taking summer courses by taking six courses a term.

The scheduling scenario below is intended to present an example pattern by which this major can be completed in three years. Those interested in pursuing this option need to work with an academic advisor to develop a specific plan to earn the 120 credit hours required for graduation.
