²Need one General Education course in each of the three areas: Natural Science and Mathematics, Fine Arts, and cross Cultural Perspectives. Also need 2-4 non-business electives to graduate. Once these areas are met, this slot can be any course.

³To reach 128 hours, a one hour recreation course can be taken in any semester.

⁴This is a study abroad experience that requires additional fees. It fulfills the internship requirement.

⁵An alternative sequence involving an internship in the third summer.

⁶The third summer semester could be eliminated if a sixth course is taken in two of the earlier semesters.

⁷Since the internship prevents attendance, this final class will need to be online or added to a previous semester as a sixth class.
