Global Studies – Asia students must be aware of the following requirements:

- Complete one advisor-approved education abroad or internship experience which complements area and language of study and is at least five weeks in duration. Transfer credits may vary, so students need to consult with their academic advisors.
- In combination with your B.A. language requirement, complete a total of three years in one Asian language or two years of one Asian language and one year of another Asian language or equivalent.

The scheduling scenario below is intended to present an example pattern by which this major can be completed in three years. Those interested in pursuing this option need to work with an academic advisor to develop a specific plan to earn the 120 credit hours required for graduation.
