Freshman Applicants

To be competitive for admission, you must complete secondary school in a college-preparatory program and receive grades equivalent to "B" (very good) or better in most of your academic program. Applications are reviewed individually to provide a careful evaluation of your academic preparation.

Secondary School Completion Requirements

OHIO is home to a welcoming and diverse community of students from all over the world, and admission to the university at all levels is selective. To be competitive, you must complete the secondary education in your home country with above-average grades. Please see www.ohio.edu/admissions/international/apply for your specific country requirements. For students participating in the GCSE or IGCSE curricula, we generally expect to see at least 6 passes, graded C or higher. Students who are going on to complete GCE Advanced Subsidiary (AS-levels) and/or Advanced Levels (A-levels) may be awarded transfer credit for successfully completed exams. For students studying an International Baccalaureate (IB) curriculum, we generally expect an average of 5 out of 7 on your college-preparatory curriculum. IB Higher Level examinations may also be eligible for transfer credit.

Admissions Tests

Ohio University has adopted a test-optional pathway for admission to the Athens campus for freshman applicants. Freshman applicants may opt to submit ACT or SAT scores or they may apply without submitting test scores. Students should indicate whether or not they plan to apply test-optional in the "standardized tests" section of the application.

Undergraduate Admissions takes a holistic approach to reviewing every application for admission, and applying test-optional will not have a negative impact on students' admission decision. Test-optional students are eligible to be considered for all University benefits, including merit scholarships, need-based financial assistance, and honors and scholars programs. To learn more about OHIO's test optional pathway, visit **www.ohio.edu/admissions/apply/test-optional**.

For students who choose to submit test scores, the composite score of the ACT or the combined math and evidence-based reading and writing scores on the SAT will be considered. Undergraduate Admissions will consider both new SAT and old SAT scores. While we continue to superscore (combine subscores from multiple test dates) across the same version of the SAT, we will not superscore between the new SAT and old SAT. ACT writing and SAT essay scores are not considered in the review process for scholarships. Ohio University requires that scores be sent directly from the testing agency. Ohio University's ACT code is 3314, and our SAT code is 1593.

Optional Essay

- Applicants who have been out of high school for more than one year must submit an essay detailing activities since graduation.

- Connavino Honors in the Patton College of Education

Find more information about these programs and their unique offerings at **www.ohio.edu/honors-apply**.

Application Process

Please note that eligible selected students may be asked to complete a separate supplemental application after they have submitted the application for admission. Most successful candidates submit: (1) a list of extra-curricular activities, (2) one essay (either a Common Application essay prompt, which can be found at **www.commonapp.org/apply/essay-prompts**; OHIO's essay prompt; or the essays for the Honors Tutorial College academic programs), and (3) at least one letter of recommendation. If you are not interested in being considered for OHP or OHP-designated honors and scholars programs, you may opt out of consideration on the application below.

Some honors and scholars programs require interviews, and eligible students will be invited to participate in virtual interviews.

Honors Tutorial College

The Honors Tutorial College (HTC) offers a nationally distinctive undergraduate education based on the British tutorial model developed at Oxford and Cambridge universities. Tutorials consist of courses taught either one-on-one with a student and a professor or a very small seminar consisting of several HTC students and a professor. In general, HTC students take one tutorial per academic semester along with a mix of traditional courses. An education grounded in this approach provides for exceptional faculty mentoring, heightened intellectual development, and experiential learning opportunities. Success in a tutorial program also requires a high degree of maturity, self-motivation, and curiosity. To learn more about HTC, applicants should visit **www.ohio.edu/honors/tutorial-college**.

Application Process

HTC has an application submission deadline of November 15, 2020, for all materials. On the Ohio University application form, be sure to check the box indicating that you are applying to the Honors Tutorial College and use the major codes specifically designated for HTC degree programs. The College is highly selective, typically enrolling only 75 students each year across all of its programs of study. For best consideration, applicants should follow the OHP application instructions above and answer the following two HTC questions, resulting in at least three essay submissions. Recommended length is 500 words each.

HTC Question 1: *Please explain why you have chosen your particular program of study.*

HTC Question 2: *We expect that one reason you seek a tutorial education is for the one-on-one interaction with faculty, but other than that, what interests you about pursuing a tutorial-based undergraduate education? What aspects of your education and life experience have prepared you for a tutorial education with its emphasis on research and creative activity?*

Complete applications received by November 15 will be reviewed by Undergraduate Admissions and HTC to determine whether the application will be forwarded to the Director(s) of Studies (faculty members responsible for administering each program of study) for further review. After November 15, 2020, Directors of Studies will select candidates for required interviews. Applicants who do not receive an invitation to interview for an HTC program automatically will be reviewed for admission to the appropriate OHIO college. Because of the nature of a tutorial education, an interview with Directors of Studies and faculty tutors is required. Interviews are typically scheduled for late January and early February. Interviewees who are not offered admission to an HTC program will automatically be reviewed for admission to the appropriate OHIO college.

Recommended Additional Admission Material

To provide better insight into their abilities, HTC applicants are strongly encouraged to submit the optional materials below. Applicants who do not submit additional materials by November 15 may be contacted and asked to submit them at a later date. Applicants should not send original artwork or other "one-of-a-kind" materials. Because of the number of applications received, it will not be possible to return materials. Unless noted otherwise, materials should be emailed to admissions@ohio.edu.
