

Washington State College of Ohio – Ohio University Plan

Engineering Technology and Management Program Pathway

The Bachelor of Science, Engineering Technology and Management major, combines technical courses, with a business minor, quantitative sciences, natural sciences, and general education to prepare graduates for technical, management, and/or applied engineering positions in business and industry. Common starting job titles include: manufacturing engineer, quality engineer, process engineer, applications engineer, sales engineer, production manager, project manager, and operations manager. The Engineering Technology and Management program is accredited by the Association of Technology Management and Applied Engineering (for more information see www.atmae.org).

Over 90% of the Engineering Technology and Management courses include lab activities in which students apply the theory they learned in the classroom to “real life” problems and projects. These activities are not simply simulation; they have real outcomes as well as consequences. This activity based, “hands on”, approach to learning provides students technical knowledge as well as continuously improving their problem-solving skills. The Engineering Technology and Management graduate is a technical generalist who is competent in assessing problems and proposing solutions to improve productivity related to product specifications, materials and processes, industrial control and information systems, and operations management.

Admission Requirements

- Students who wish to transfer must have earned a C or better in a math course and a science course.
- Transfer students who have earned fewer than 20 semester hours of credit at another accredited collegiate institution may be admitted directly, if they meet the general requirements for admission to Ohio University.
- Transfer students who have earned more than 20 semester hours of credit at another accredited collegiate institution may be admitted directly, if they meet the general requirements for transfer students, including a GPA greater than 2.5.
- Students must have a GPA of 2.0 or higher for all courses taken, for all courses taken in the Russ College, and for all courses taken in the intended major.
- Students must also have successfully completed all required courses in three attempts and have no required course they have attempted twice without success. For some courses, success means a grade of at least a C or C-.
- Official transcripts sent directly to Ohio University from all colleges and universities you have attended.

Ohio University BRICKS General Education Requirements

BRICKS is Ohio University's general education program, and requirements must be fulfilled by all baccalaureate degree students. BRICKS includes a minimum of 38 credit hours across five categories: Foundations, Pillars, Arches, Bridges, and Capstone. Courses used to satisfy BRICKS requirements may be completed through Washington State College of Ohio or OHIO Online. The table below lists Washington State College of Ohio courses that have direct course equivalencies at Ohio University which meet BRICKS requirements. General education courses that may also satisfy program requirements are inside brackets. HIST courses marked with an asterisk (*) will automatically equate to HIST 1320 and/or HIST 1330, but may instead equate to HIST 1210 and/or HIST 1220. Work with your academic advisor to make adjustments as necessary.

BRICKS and the Ohio Transfer 36 or Prior Degree Completion

Students who complete the minimum requirements of the Ohio Transfer 36 (OT36, formerly the Ohio Transfer Module), an Associate of Arts (AA), Associate of Science (AS), or bachelor's degree from an accredited institution* prior to enrollment in a degree-seeking program at Ohio University will receive transfer credit equivalent to fulfilling Ohio University's BRICKS general education requirements in Foundations (excluding the Advanced Writing component, which requires completion of an equivalent course), Pillars, and Arches. Students who have not completed the OT36 or an approved degree will have their courses evaluated individually to determine appropriate general education requirement fulfillment. *Institutions must be accredited by regional accrediting commissions recognized by the Council on Higher Education Accreditation (CHEA) to qualify.

Degree Requirements

To qualify for the Bachelor of Science in Engineering Technology and Management degree, a student must have completed all Ohio University graduation requirements: general education, College, major, minor, and residency. Students must earn a minimum of 30 semester hours of Ohio University credit, complete a minimum of 50% of the major course requirements at Ohio University, and complete a minimum of 120 total semester hours for graduation. Russ College of Engineering and Technology requires students to earn a minimum of 24 semester hours applicable toward their degree after entering one of the degree programs. In addition, students must have a GPA of 2.0 (C average) or higher for all courses taken, for all courses taken in Russ College, and for all courses taken in the intended major, by the end of the third enrollment in that course. "Enrollment" includes classes in which FS, or WF grades are earned.

Disclaimer:

The information on this guide is based on the catalog requirements posted in the 2025-2026 Ohio University catalog and related Washington State College of Ohio equivalents as of the Last Updated date. All information is subject to change without notice. Students must complete a minimum of 120 total semester hours, are responsible for tracking their degree completion on their DARS, and are encouraged to work with an Ohio University academic advisor in their degree planning. Courses are subject to availability at each institution. It is suggested that students meet with an advisor to discuss course selection based on offered options.
