Zane State College – Ohio University Plan

Bachelor of Science in Health Services Administration Pathway

The health services administration program provides students with a fundamental understanding of the health care industry and its professional environment so that individuals can be successful in their chosen career path. The managerial skills and principles obtained from the program, when combined with a thorough understanding of the health care delivery system, provide students with the solid foundation needed for future career success. The program prepares students for entry level administrative, general staff, and other non-clinical positions in a variety of sectors within the health care industry.

Program Learning Outcomes
• Students will be able to identify and explain the role of key stakeholders in the health care system.
• Students will be able to explain and describe the interrelationships between cost, quality, and access variables in terms of the health care system.
• Students will be able to recognize and summarize the following significant pieces of health care legislation: Medicare, Medicaid, HIPAA, PPACA, EMTALA.
• Students will be able to explain, distinguish, and categorize the following key management functions displayed by health care administrators: Planning, Organizing, Staffing, Leading, and Controlling.
• Students will be able to analyze financial data and community health data and trends in support of informed decisions impacting the overall performance of health care organizations.
• Students will be able to demonstrate competence in a wide variety of verbal communication skills and techniques across formal and informal settings.

Admission Requirements
• No requirements beyond University admission requirements.
• All official transcripts submitted to Ohio University at the time of application.

Degree Requirements
To qualify for the Bachelors of Science in Health Services Administration degree, a student must have completed all Ohio University graduation requirements: general education, College, major, and residency. College of Health Sciences and Professions must earn at least 120 semester hours of acceptable credit, with a minimum accumulative GPA of 2.0 and a minimum GPA of 2.0 in the major. Students must complete minimum of 30 semester credit hours of Ohio University credit and a minimum of 50% of the major course requirements at Ohio University.

Ohio University BRICKS General Education Requirements
BRICKS is Ohio University’s general education program, and requirements must be fulfilled by all baccalaureate degree students. BRICKS includes a minimum of 38 credit hours across five categories: Foundations, Pillars, Arches, Bridges, and Capstone. Courses used to satisfy BRICKS requirements may be completed through Zane State College or OHIO Online. The table below lists Zane State College courses that have direct course equivalencies at Ohio University which meet BRICKS requirements. General education courses that may also satisfy program requirements are inside brackets. HIST courses marked with an asterisk (*) will automatically equate to fill Pillars Humanities Texts and Contexts, but may alternately equate to fill Pillars Social and Behavioral Sciences. Work with your academic advisor to make adjustments.

**Disclaimer:**

The information on this guide is based on the catalog requirements posted in the 2023-2024 Ohio University catalog and related Zane State College equivalents as of the Last Updated date. All information is subject to change without notice. Students must complete a minimum of 120 total semester hours, are responsible for tracking their degree completion on their DARS and are encouraged to work with an Ohio University academic advisor in their degree planning. Courses are subject to availability at each institution. It is suggested that students meet with an advisor to discuss course selection based on options that are offered.

**Last Updated:** 9/25/2023
