Scripps College of Communication BSC in Applied Communication

The scheduling scenario below is intended to present an example pattern by which this major can be completed in three years. Those interested in pursuing this option need to work with an academic advisor to develop a specific plan to earn the 120 credit hours required for graduation.

The applied communication major is an online degree completion program. All coursework can be completed online, and because the prerequisite for students studying in this major is a completed associate's degree, completion of this program in three years is obtainable for a full-time student if some general education requirements are met in the student's associate's degree.
