The Honors Tutorial College (HTC) offers a nationally distinctive undergraduate education based on the British tutorial model developed at Oxford and Cambridge universities. Tutorials consist of courses taught either one-on-one with a student and a professor or a very small seminar consisting of several HTC students and a professor. In general, HTC students take one tutorial per academic semester along with a mix of traditional courses. An education grounded in this approach provides for exceptional faculty mentoring, heightened intellectual development, and experiential learning opportunities. Success in a tutorial program also requires a high degree of maturity, self-motivation, curiosity. To learn more about HTC, applicants should visit www.ohio.edu/honors and read the information in the Future Students section.

Application Process
Applicants must submit a complete application (form, fee, transcript, test scores, and HTC supplemental essays) by December 1, 2018, for priority consideration. On the Ohio University application form, be sure to check the box indicating that you are applying to the Honors Tutorial College and use the major codes specifically designated for HTC degree programs.

The College is highly selective, typically enrolling only 75 students each year across all of its programs of study. For best consideration, it is recommended that applicants submit two letters of recommendation and any of the additional admission materials listed by program of study below.

Complete applications received by December 1 will be reviewed by Undergraduate Admissions and HTC to determine whether the application will be forwarded to the Director(s) of Studies (faculty members responsible for administering each program of study) for further review. After December 1, 2018, Directors of Studies will select candidates for required on-campus interviews. Applicants who do not receive an invitation to interview for an HTC program automatically will be reviewed for admission to the appropriate OHIO college. Because of the nature of a tutorial education, an on-campus interview with Directors of Studies and faculty tutors is required. Interview dates are tentatively scheduled for January 19 and 26, 2019. Applicants will be assigned an interview date.

Interview dates are tentatively scheduled for January 19 and 26, 2019. Applicants will be assigned an interview date. Interviewees who are not offered admission to an HTC program will automatically be reviewed for admission to the appropriate OHIO college.

Although the standard Ohio University application allows application to only one program, Honors Tutorial College applicants may apply for two programs of study. Note: Only apply for a program if you are seriously interested in pursuing that field of study. Applying for more than one program does not increase your chances of being accepted into the Honors Tutorial College. Honors Tutorial College does not offer an undecided option. All applicants must apply and be admitted to a specific program of study.

Essay Questions

Please respond to each of the questions below on a separate piece of paper. Be sure to include your full name and social security number on each page. Your responses to these questions will be considered by all individuals involved in the Honors Tutorial College admission process. What and how you communicate are important in helping us determine if a tutorial education is the best fit for you. While it is acceptable to ask someone to review your answers for feedback, the writing and ideas should be your own. If you are applying to two programs of study, be sure to answer all essay questions appropriately for each program. Recommended word count is 500 words per essay.

1. Please explain fully why you have chosen your particular program(s) of study.

2. We expect that one reason you seek a tutorial education is for the one-on-one interaction with faculty, but other than that, what interests you about pursuing a tutorial-based undergraduate education? What aspects of your education and life experience have prepared you for a tutorial education with its emphasis on research and creative activity?

3. Please elaborate on an aspect of your admission materials or share additional information about your past successes or challenges.
