

COB Research Database Resources

Ohio University's College of Business subscribes to various research databases to support its faculty research initiatives. Below is a list of the current COB research database subscriptions. Please note that access to these resources is available directly through each provider (not through the OU library website). For information about these resources and how to access them, or to request access to additional database resources, please contact the COB Director of Research at cobresearch@ohio.edu.

- [Audit Analytics](#)
- [BoardEx](#)
