DEBRIEFING FORM (Session 2)

Thank you for your participation in the second part of this two-part research project. The information provided by these questionnaires will help psychology researchers and clinicians learn more about college women’s experiences of unwanted sexual experiences and how women react to research on this topic. In doing so, psychologists will learn how to best structure research on this topic.

As a reminder, all of your questionnaire responses are anonymous. If you have any further questions regarding the nature of this study, or would like to request details of the results of the study, please feel free to contact one of the following:
