

## Department of Psychology - Request for Dissertation Committee

Doctoral students are eligible to form a dissertation committee upon the successful completion of their comprehensive examination. The dissertation committee oversees the planning and conduct of your doctoral dissertation.

To select your committee, first choose the faculty member whom you would like to have serve as your dissertation director. You and your director then select the four remaining members of the committee. Two of these need to be members of the faculty of the Department of Psychology. The fourth member of the committee is the Graduate Faculty Representative, who must be a member of another department within the university and who must be approved by the College of Arts & Sciences. The fifth member may be a faculty member from psychology or a faculty member from another department. Your academic adviser is to be a member of your dissertation committee and may serve as director.

Once you have the consent of the four committee members from the Department of Psychology, please complete and send this form to the Assistant Chair for Graduate Studies.

Name of Candidate: \_\_\_\_\_ Date: \_\_\_\_\_

My academic adviser is \_\_\_\_\_

My dissertation director is \_\_\_\_\_

My director and I request these other members of my dissertation committee:
