Academic Organization

Ohio University offers curricula in more than 250 undergraduate majors leading to bachelor's or associate's degrees through nine colleges: Arts and Sciences, Business, Communication, Education, Engineering and Technology, Fine Arts, Health and Human Services, Honors Tutorial, and University. Programs are also offered through the Center for International Studies, the Division of Lifelong Learning, and the College of Osteopathic Medicine. The Office of Graduate Student Services coordinates graduate study at Ohio University.

Ohio University is fully accredited by the North Central Association of Colleges and Schools at the bachelor's, master's, and doctoral levels. In addition, numerous departments, schools, and colleges within the University hold individual accreditation as listed below. Additional information is available from the office of each college's dean.

The following list of colleges and areas includes degrees, accrediting agencies, and schools and departments.

**College of Arts and Sciences**
Curricula leading to the Bachelor of Arts and Bachelor of Science degree; preprofessional curricula; and preparation for teaching at the secondary level.

**Accreditation**
American Psychological Association
Council on Social Work Education

**Departments**
African American Studies
Biological Sciences
Chemistry and Biochemistry
Classics and World Religions
Economics
English
Environmental and Plant Biology
Geography
Geological Sciences
History
Linguistics
Mathematics
Modern Languages
Ohio Program of Intensive English*
Philosophy
Physics and Astronomy
Political Science
Psychology
Social Work
Sociology and Anthropology
Women's Studies

**College of Business**
Curricula leading to the Bachelor of Business Administration degree.

**Accreditation**
AACSB—The International Association of Management Education

**Departments/Schools**
Accountancy
Finance
Management Information Systems
Management Systems
Marketing

**Scripps College of Communication**
Curricula leading to the Bachelor of Science in Communication, Bachelor of Science in Journalism, and Bachelor of Science in Visual Communication degrees.

**Accreditation**
Accrediting Council on Education for Journalism and Mass Communication

**Schools**
Communication Studies
Communication Systems Management
Journalism
Telecommunications
Visual Communication

**Russ College of Engineering and Technology**
Curricula leading to the Bachelor of Science in Aviation, Chemical Engineering, Civil Engineering, Computer Science, Electrical Engineering, Industrial and Systems Engineering, Industrial Technology, and Mechanical Engineering.

**Accreditation**
Accreditation Board for Engineering and Technology
National Association of Industrial Technology

**Departments/Schools**
Aviation
Chemical Engineering
Civil Engineering
Electrical Engineering and Computer Science
Industrial and Systems Engineering
Industrial Technology
Mechanical Engineering
**College of Fine Arts**
Curricula leading to the Bachelor of Fine Arts, Bachelor of Music, and Bachelor of Arts degrees.

**Accreditation**
National Association of Schools of Art and Design
National Association of Schools of Dance
National Association of Schools of Music
National Association of Schools of Theater

**Schools**
Art
Dance
Film
Interdisciplinary Arts
Music
Theater

**College of Health and Human Services**
Curricula leading to the Bachelor of Science in Athletic Training; Environmental Health; Health; Hearing, Speech and Language Sciences; Human and Consumer Sciences; Industrial Hygiene; Nursing; Physical Education; Recreation Studies; and Sport Sciences; entry-level graduate curriculum leading to the Doctor of Physical Therapy.

**Accreditation**
Accreditation Board for Engineering and Technology
American Alliance for Health, Physical Education, Recreation, and Dance
American Association of Family and Consumer Sciences
Commission on Accreditation for Dietetics Education
Commission on Accreditation for Physical Therapy Education
Commission on Accreditation for Allied Health Education Programs
Commission on Collegiate Nursing Education
Council on Academic Accreditation of the American Speech-Language-Hearing Association
Foundation for Interior Design, Education, and Research
National Association of Boards of Examiners for Nursing Home Administrators
National Council for Accreditation of Teacher Education

**National Environmental Health Science and Protection Accreditation Council**
National Recreation and Park Association/American Association for Leisure and Recreation
Sport Management Program Review Council

**Schools**
Health Sciences
Hearing, Speech and Language Sciences
Human and Consumer Sciences
Nursing
Physical Therapy
Recreation and Sport Sciences

**Honors Tutorial College**
A renowned degree-granting college with 26 programs of study. Honors Tutorial College students undergo a rigorous and exhilarating academic experience that combines a set of tutorials, upper division classes, and selected graduate courses. In order to allow students to pursue this challenging form of undergraduate education, Honors Tutorial College students are exempt from General Education Requirements, except English composition. A high percentage of the students in this college enter graduate or professional school. You may request consideration for admission to the Honors Tutorial College and must indicate a program of study at the time of application.

**University College**
College for students who have not decided on a major. Two-year programs leading to the Associate in Arts, Associate in Science, and Associate in Individualized Studies degrees. Four-year programs leading to the Bachelor of Specialized Studies and Bachelor of Criminal Justice degrees. Two and four-year Reserve Officers’ Training Corps programs leading to commissions in the U.S. Army and the U.S. Air Force.

**Graduate Studies**
Programs leading to the Master of Arts, Master of Business Administration, Master of Communication Technology and Policy, Master of Education, Master of Fine Arts, Master of Health Administration, Master of Music, Master of Public Administration, Master of Public Health, Master of Science, Master of Social Science, Master of Social Work, Master of Sports Administration, Doctor of Audiology, Doctor of Education, Doctor of Philosophy, and Doctor of Physical Therapy degrees. Certificate programs are also offered in the areas of Conservation Biology*, Contemporary History*, Geographic Information Science, Gerontology, Health Care Services Administration, Health Policy, Music Performance, and Women’s Studies*. (See the Graduate Catalog for specific programs and majors.)

*Participants in these certificate programs must be concurrently admitted to a graduate degree program as a degree-seeking student.

**Center for International Studies**
Jointly administers a Bachelor of Arts in International Studies with the College of Arts and Sciences. For non-majors, the Center offers certificates in:
- African Studies
- Asian Studies
- European Studies
- Latin American Studies

**Lifelong Learning**
Provides educational opportunities to traditional and nontraditional learners, through the use of alternative teaching and learning formats.

Both credit and noncredit programs are available to students on campus, as well as at a distance.

**College of Osteopathic Medicine**
Offers a four-year medical education program leading to the Doctor of Osteopathic Medicine degree (see separate catalog) and postdoctoral programs in family practice, general surgery, orthopedics, pediatrics, and obstetrics and gynecology. Accredited by the American Osteopathic Association.

**Regional Campuses**
Chillicothe
Eastern (St. Clairsville)
Lancaster
Southern (Ironton)
Zanesville
Major Codes

The following is a listing of undergraduate major codes arranged by the college in which each major is offered. Some programs and majors are offered through more than one college, and not all majors are open to incoming freshmen. For specific information on a particular program, see the appropriate college section of the catalog.

Major Code Prefixes
The two-letter prefix of each major code indicates the type of degree awarded in that major. In some cases, it indicates that an additional application process is required for admission to the major.

AA Associate in Arts
AAS Associate in Applied Science
AS Associate in Science
BA Bachelor of Arts
BB Bachelor of Business Administration
BC Bachelor of Science in Communication
BF Bachelor of Fine Arts
BJ Bachelor of Science in Journalism
BM Bachelor of Music
BS Bachelor of Science
ND Nondegree program
SA Separate application required

College of Arts and Sciences
Some of the majors in this college have two major codes. In general, with these majors you have the option of choosing either a degree program that is more hard sciences oriented (BS) or one that is more liberal arts/humanities oriented (BA). Details on curricular differences can be found in the College of Arts and Sciences section under the specific program listings. You may want to consult with an admissions officer or a college representative about which option is more suitable for you.

BA 4903 African American Studies
BA 4252 Anthropology
BS 2121 Biological Sciences
BS 2520 Cellular and Molecular Biology
BS 2121 Integrated Biology
BS 2126 Marine, Freshwater, and Environmental Biology
BS 0411 Microbiology
BS 2507 Pre–Physical Therapy
BS 2127 Pre–Professional Program
BS 2515 Wildlife and Conservation Biology
BS 3311, BA 3311 Chemistry and Biochemistry
BS 3316 Environmental Chemistry
BS 3315, BA 3315 Forensic Chemistry
BS 3312, BA 3312 Predentistry
BS 3313 Prepharmacy
BS 3314, BA 3314 Premedicine
BS 3321, BA 3321 Geological Sciences
BS 3323 Environmental
BS 4211 History
BS 4212 Pre–Foreign Service
BS 4214 Prelaw
BS 4213 Pretheology
ND 4404 International Studies* pre-major status
BA 4405 Africa
BA 4406 Asia
BA 4407 Europe
BA 4408 Latin America
BA 5290 Linguistics

BS 3101, BA 3101 Mathematics
BS 3105, BA 3105 Actuarial Sciences
BS 3103 Applied
BS 3104, BA 3104 Meteorology
BS 3102, BA 3102 Prep. for Advanced Training

Modern Languages

1 Jointly offered by both the College of Education and the College of Health and Human Services. Degree awarded is Bachelor of Science in Education regardless of College.
2 Offered in both the College of Health and Human Services and the College of Education. Apply initially to the College of Health and Human Services. You may receive teacher licensure regardless of the College in which you enroll.
3 Not open to freshmen—available only to registered nurses.
4 Not open to freshmen—selective admission doctoral program. Enter through a preparatory program such as Biological Sciences Pre-Physical Therapy or Psychology Pre-Physical Therapy in the College of Arts and Sciences, or Sport Sciences—Exercise Physiology in the College of Health and Human Services. You must apply for the doctoral program through the School of Physical Therapy.
5 Selective admission program. Consult the program listing for details.

Certificate Programs

The certificate programs listed here are open to all students pursuing baccalaureate programs at the University, regardless of college or major. The equivalent of minors, these interdisciplinary programs can complement your major, broaden your career possibilities, or allow you to study an area of interest from a variety of perspectives. You will be awarded the certificate and receive official recognition on your transcript when you graduate. Please note that these certificate programs are not related to teaching or other professional certification conferred by outside agencies. To enroll in a program, contact the College or address noted below for a form or application. Your own College will enter your certificate information into your record.

**East Asian Studies**

The East Asian Studies Certificate provides students with an appreciation of China, Japan, and Korea and the role this vital region plays in the changing world politics. To ensure a broad understanding of East Asia, the interdisciplinary approach to meeting requirements includes courses in art, business, film, geography, history, journalism, linguistics, political science, sociology, and languages. With the increasing expansion of American businesses to East Asian nations and East Asian-based businesses to the United States, a sound knowledge about East Asia may enhance your undergraduate degree and lead to career or graduate school opportunities.

You can earn the East Asian Studies Certificate by completing the beginning and intermediate levels (or higher, with demonstrated ability) of an East Asian language and an additional 32 hours, including an introductory course, and at least 6 additional courses from a wide array of academic disciplines offered by the Colleges of Arts and Sciences, Fine Arts, Business, and Communication.

For more information and a list of approved courses, see the complete program description in the College of Arts and Sciences section.

**Environmental Studies**

The field of environmental studies encompasses the complex interactions among humans, other organisms, and the biophysical environment. The Environmental Studies Certificate Program is offered by the College of Arts and Sciences for students who want to gain knowledge and understanding about the interdisciplinary field of environmental studies.

You can earn a certificate in environmental studies by completing 32–35 hours that include required introductory and ecology courses and approved selections from the areas of quantitative skills, natural sciences, and social sciences. Many certificate courses satisfy both Tier and Arts and Sciences requirements. Further, courses taken as part of an Arts and Sciences major will also count toward fulfilling the certificate.

For additional information and a list of approved courses, see the complete program description in the Arts and Sciences section.

**Geographic Systems**

Maps remain a fundamental means of geographic communication, and the expanding role of the map and related digital information places a premium on the ability to interpret and analyze mapped information. To meet this expanding role, the advancement of Geographic Information Science (GIS) is seen as the important synthesis of traditional mapping with the more advanced tools of data modeling and analysis. In addition to core GIS and cartography courses, the undergraduate certificate in GIS requires students to complete a rigorous set of interdisciplinary courses, including statistics, computer applications, programming, database management, and a capstone internship project.

The certificate is open to all students (except geography majors). For more information and a complete list of courses, refer to the description of the GIS certificate under Geography in the College of Arts and sciences section of the catalog.
Gerontology
The College of Health and Human Services and the College of Arts and Sciences jointly sponsor the undergraduate Gerontology Certificate Program for students who want to gain knowledge and skills for a career that involves working with the elderly. Traditional aging-related content, and the global impact of aging are linked with program initiatives that enable students to appreciate how this growing population affects their own area of study. Health care, social services, recreation, mental health, education, administration, and business are examples of service areas that now employ large numbers of persons working with and for the aging population. You can earn the certificate by completing at least 28 credit hours of selected coursework, including an approved practicum, field experience, or internship.

For additional information and a list of approved courses, see the complete program description in the Health and Human Services section.

Global Leadership Center
The Global Leadership Center (GLC) is an innovative, two-year program that prepares students for leadership opportunities in a rapidly changing world. Open to all majors, the GLC brings together the resources of the colleges of Communication, Arts and Sciences, and Business in an interdisciplinary, 30 quarter-hour program on global issues, with a strong emphasis on real-world projects and problem-solving skills.

GLC courses are not traditional classes with lectures, tests, and papers. Instead, students work in project teams on global problems and issues. Students enter the GLC in fall quarter of their sophomore or second year, and spend that year in residence in Bromley Hall, a private residence hall near campus. The junior year is nonresidential. Each GLC student completes at least two international and cross-cultural projects.

For additional information, see the complete program description in the Scripps College of Communication section or visit the GLC Web site: http://www.ohio.edu/glcl.

International Studies
The Center for International Studies offers certificates in African, Asian, European, and Latin American Studies for students who wish to add an international dimension to their program of study, as well as for those interested in international careers or who are planning graduate work in area studies.

Earning the certificate involves completing seven to nine approved courses relating to the area of study—including language courses, in some cases—with an overall g.p.a. of 2.5 in courses taken toward the certificate.

For additional information, see the complete program description in the Arts and Sciences section.

Italian Studies
The aim of the Italian Studies Certificate is to provide students with the opportunity to enter into the study of the rich and varied culture of Italy through an interdisciplinary and complementary approach. Courses offered by the Colleges of Arts and Sciences and Fine Arts include the core study of the Italian language, both written and spoken, along with 24 credit hours from courses in art history, Italian literature, history, classical archeology, and classics. The result is a knowledge base that provides both depth and scope, a true enhancement to any undergraduate degree program.

For more information about the certificate and a list of approved courses, see the complete program description in the Arts and Sciences Section.

Political Communication
The College of Arts and Sciences and the Scripps College of Communication jointly sponsor a certificate in political communication for students who wish to supplement their major with an inquiry into the area of political communication. Political communication encompasses the interactions of political figures, political interests, the press, and the public in their efforts to persuade and influence political outcomes.

To receive a certificate in political communication, you must complete two introductory courses and an additional 22 quarter hours of approved coursework.

For additional information and a list of approved courses, see the complete program description in the Scripps College of Communication section.

Sales
The College of Business through The Sales Centre at Ohio University sponsors the undergraduate Sales Certificate Program for students who want to develop knowledge and skills in professional selling. There are currently five options in the Sales Certificate Program—the Sales Certificate with a Professional Focus, the Sales Certificate with a Retail Focus, the Sales Certificate with a Media Focus, the Sales Certificate with a Financial Services Focus, and the Sales Certificate with a Sport Management Focus. Admission into the Sales Certificate Program is competitive, and space is limited. Students accepted into the program can earn a Sales Certificate by completing the approved coursework and a sales internship, a total of 28 hours.

For further information, a list of approved courses, and an explanation of competitive entrance requirements, see the complete program description in the College of Business section.

Women’s Studies
Students in any major may earn the Women’s Studies Certificate by completing four required Women’s Studies courses and an additional 14 quarter hours of approved coursework.

For additional information and a list of approved courses, see the complete program description in the Arts and Sciences section.
