Mayors’ Partnership for Progress
Thursday, October 13, 2011
Governor’s Energy Summit

• Strong Ohio History in Resource Extraction & Manufacturing
  • High energy demands
• Need for Ohio to Have & Grow its Competitive Advantage
  • Utilize state natural resources
• Manufacturing, Oil & Gas Industries Largely Represented
  • Ohio is & will continue to experience a shale gas industry boom
• Environmental Regulations Needed, as Long as Economic and Job Growth Not Hampered
• General Consensus that Alternative/Renewable Energy is Good, Creates Jobs, Diversifies Energy Supply, Secure Supply
  • SB 221 is working
• More Work is Needed to Prepare Future Workforce
Summit videos archived at:
