Where in the World is OU?
GIS OPEN HOUSE

Celebrating International GIS Day & Global Entrepreneurship Week

Stop by to learn about the many ways that Geographic Information Systems (GIS) can make your research project or business venture more engaging and visually interesting, no matter what the topic!

Hear how statewide experts apply GIS mapping to:

Government
Health & Health Analytics
Energy & the Environment
Entrepreneurship

Stay for 4 minutes or 4 hours, all are welcome!

Agenda, highlights and more information
www.ohio.edu/ce3

The GIS Open House is hosted by the Voinovich School of Leadership and Public Affairs’ Consortium for Energy, Economics & the Environment (CE3), the Department of Geography & the Center for Entrepreneurship in partnership with TechGROWTH Ohio
