Admission Requirements
To qualify for admission, a student must have completed an associate’s degree or 60 hours of associate degree credit with 24 hours in a technical field from an accredited university. Students not meeting these requirements should contact the Admissions Office at OUC for further information.

Course of Study
The Technical and Applied Studies curriculum may be pursued on either a full-time or part-time basis with day and evening classes available. Students typically start fall semester, but may enter the program at any point during the academic calendar. Full-time students should take 15 or more credit hours per semester. Part-time students may pursue the degree at a rate they desire, however a minimum of seven credit hours of coursework each semester is recommended. Students completing the degree requirements will earn a Bachelor’s in Technical and Applied Studies.

Financial Resources
Students are eligible for many different financial aid resources. These include:

- Federal Grants and Loans
- Ohio University Scholarships
- State Grants and Loans

To begin the process, you should apply for financial aid at www.fafsa.gov as soon as possible. For Ohio University Chillicothe, use the University Federal School Codes: 003100 and 003102.

Financial Aid Office: 740.774.7289 or toll free 877.GO.2.OUGH.

BTAS Facilities
The BTAS program features a unique learning environment complete with multimedia classrooms and a business bureau that provides students with an opportunity to participate in the area economy.

Technical and Applied Studies (B.T.A.S.)

The Bachelor of Technical and Applied Studies (B.T.A.S.) offered at Ohio University Chillicothe is primarily intended for students who have already completed a two-year degree program from an accredited community college, regional campus, or technical college, and who wish to pursue a baccalaureate degree.

The program provides students with knowledge, skills, and dispositions necessary for advancement in their chosen careers and integrates the technical skills developed within applied associate degree programs with the professional skills inculcated in a bachelor’s degree program.

As a completion degree, the B.T.A.S. utilizes 60 hours of associate degree credit, of which a minimum of 24 hours must be in a technical field. A minimum of 120 hours are needed to meet the requirements for a baccalaureate degree. In addition to the 36-38 hours of major requirements, the student should expect to spend up to 18 hours meeting general education requirements and prerequisites. The remaining 4-12 hours are elective. Consultation with an academic advisor is highly recommended.

Overview of BTAS Program

With appropriate advising, students will take a sequence of courses that will 1) meet Ohio University’s general education and baccalaureate degree requirements, 2) follow naturally from and amplify the learning experiences in their associate degree subject areas, and 3) qualify them for advancement in their workplaces.

A Program for You

On behalf of the Ohio University Chillicothe Campus, I welcome you to the Bachelor of Technical and Applied Studies Program. This program is designed to prepare students with the necessary skills and knowledge to pursue professional careers.

Our small class atmosphere encourages a high-level of student participation and offers opportunities for one-to-one student-teacher interaction. I invite you to visit our campus and explore the educational opportunities that await you at Ohio University Chillicothe.
