Welcome to Kids in College 2018 Edition!

The Kids in College program has been in existence for more than 30 years. In the past several years, the program has increased enrollment and was housed at the Chillicothe Middle School to accommodate additional classes and space. We are happy to partner with Chillicothe City Schools in this endeavor. Ohio University Chillicothe is sponsoring the Kids in College program and it is coordinated by OUC and the Ross-Pike County Educational Service District.

Programming for Kids in College will be offered for three weeks. The first week, parents will take their child or children to various locations throughout the community for the classes that are listed in the booklet. The second week of classes are held at Chillicothe Middle School at 381 Yoctangee Parkway and the third week of classes are held at Ohio University Chillicothe.

Our schedule this year has new classes as well as returning favorites. Programs are based on learning opportunities that parents and students put on the 2017 surveys for future programming.

If you have any questions regarding the Kids in College program, please feel free to contact OUC at 740.774.7732 or the RPESD offices at 740.702.3120.
