Kids in College is a summer enrichment program for students finishing grades K-8 who are interested in science, history, theater, and many other educational areas.

More information at:
www.ohio.edu/chillicothe/continuingeducation/kidsincollege

The first class is $45 and includes a t-shirt. Each additional class is $35. Classes run one week long in either the morning or afternoon.

Classes are offered for students in K-8. Courses list grade recommendations. Students can take up to two classes per week.

QUESTIONS?
Call 740.774.7226 or 740.774.7732
Welcome to Kids in College 2019 Edition!

The Kids in College program has been in existence for more than 30 years. In the past several years, the program has increased enrollment and was housed at the Chillicothe Middle School to accommodate additional classes and space. We are happy to partner with Chillicothe City Schools in this endeavor. Ohio University Chillicothe is sponsoring the Kids in College program and it is coordinated by OHIO Chillicothe and the Ross-Pike County Educational Service District.

Programming for Kids in College will be offered for three weeks. The first week, parents will take their child or children to various locations throughout the community for the classes that are listed in the booklet. The second week of classes are held at Chillicothe Middle School at 381 Yoctangee Parkway and the third week of classes are held at OHIO Chillicothe.

Our schedule this year has new classes as well as returning favorites. Programs are based on learning opportunities that parents and students put on the 2018 surveys for future programming.

If you have any questions regarding the Kids in College program, please feel free to contact OHIO Chillicothe at 740.774.7732 or the RPESD offices at 740.702.3120.

We look forward to seeing you at Kids in College 2019!

What is Kids in College?
Kids in College is a summer enrichment program for students who are interested in science, history, theater and many other educational opportunities. The program is staffed by a variety of enthusiastic, imaginative teachers and college faculty who are interested in working with motivated students. The program is sponsored by OHIO Chillicothe, coordinated by the Ross Pike County Educational Service District and OHIO Chillicothe, and housed by Chillicothe City Schools.

Who may attend?
Students who are highly motivated to participate in summer learning in a relaxed, fun environment. Most classes are offered for students who have completed kindergarten through 8th grade. Class descriptions offer specific grade recommendations. Please check these recommendations carefully.

How are classes scheduled?
Students may take up to two classes per week. Each class runs one week, either in the morning or afternoon. A minimum of 12 students is needed to ensure each class is offered. It is recommended that students register early since class enrollment is limited to 20 students or less in some instances.

What is the cost?
The cost of the first class is 45 and each additional class is 35. Some classes require additional material fees. Please check the class description for additional fee requirements. A Kids in College t-shirt is included with the course registration. Your child will be enrolled when payment is received.

What about lunches, snacks and bathroom breaks?
Chillicothe City Schools will provide a FREE lunch during week two for those students who indicate they want lunch. Your child may pack a lunch if he or she would like. The lunch room will be supervised. Students should also pack a drink since vending machines will be unavailable. Snack and bathroom breaks will be taken mid-morning and mid-afternoon. During week one and three, lunch will NOT be provided.

Orientation
A parent and student orientation will be held in the Chillicothe Middle School Commons at 9:15 and noon on the Monday of week 2. Walk into the front doors of Chillicothe Middle School and the Commons will be to the right.

For weeks 1 and 3, students should meet at the class location given in the registration booklet.

Registration
The complete registration booklet can be found online at www.ohio.edu/chillicothe/continuingeducation/kidsincollege or at www.rpesd.org and additional information about the program may be obtained by contacting OHIO Chillicothe at 740.774.7732.

Registration deadline is 4 p.m. on May 31, 2019. If a course is canceled because of low enrollment, parents will be contacted via email or phone so an alternative class may be selected. Class enrollment information will be emailed after the registration deadline.

All fees are payable via walk-in or U.S. postal mail at the below address

Return Registration, Photo Release and Emergency Forms to:
OHIO Chillicothe Kids in College Program c/o Joyce Atwood

Chillicothe, Ohio 45601

PLEASE REMEMBER THAT STUDENTS MUST BE PICKED UP AND DROPPED OFF AT THEIR CLASSROOMS AND PARENTS MUST SIGN THEM IN AND OUT!
MORNING CLASSES
WEEK 1 | JUNE 10 - 14
9:15 - 11:15 AM

GYM AND SWIM
Held at the YMCA of Ross County, 100 Mill St.
Instructor: Zach Lynch
Course # 101  Grade: K-3

Enjoy pool games, relay races, and swimming challenges with other students. The second half of the session students will learn the basics of tumbling, balance, flexibility, and the fun of gymastics.

Material Fee: None

ARCHEOLOGY FOR KIDS
Held at Mound City, Route 104
Instructor: National Park Service
Course 102  Grade 3-6

Do you like to dig in the dirt? Find things that are lost? Put pieces together? Figure out stories from clues? Learn about the past? These are all things archeologists do – maybe you’re one, too! Archeology is tons of dirt digging, story telling, mystery solving fun. Like you, many archeologists caught the archeology bug as kids. Archeology provides a link to the past and a means to study the people who came before us. Come and learn how these tools are used to study and preserve the story of the Hopewell culture. Rangers from National Park Service will present the program.

Material Fee: None

OOEY, GOOEY SCIENCE!
Held in Bennett Hall, Room 213
Instructors: Sheila Blue
Course # 103  Grade: K-3

Science is exciting! Ooey, gooey fun! Put on some old clothes and come join us while we make phlegm, brain sludge, and blue ooze. Many activities are hands-on. Remember, Ooey, Gooey is not just fun – it’s hands-on, messy fun! Sheila Blue teaches at Union Scioto Middle School.

Material Fee: $15
VIDEO EDITING AND PRODUCTION
Held at Ross-Pike Educational Service District, 475 Western Ave., Suite E
Instructor: Nathan Crawford    Course # 104    Grade: 5-8

Ever wonder how movies are made? In this course we’ll cover the basics of videoing, editing, enhancing, and producing movies.

Material Fee: None

THE MUDDY FINGERS GARDENING CLUB SPONSORED BY THE MIGHTY CHILDREN’S MUSEUM
Held at the Mighty Children’s Museum, 21 E. 4th St.
Instructor: Quention Detillion, ONLA Ohio Nursery and Landscape Association Certified Landscape Technician    Course # 105    Grade: K-3

If you’re looking for a chance to get down and dirty this summer, then you’ve found the perfect course for you. Welcome to the Muddy Fingers Gardening Club. Whether you’re wanting to learn how to start your own vegetable garden, plant a beautiful patch of flowers, or even make a good old fashioned mud pie, then I hope you will join us this June as we roll up our sleeves and head outside for some fun.

Material Fee: None

ABSTRACT ART WITH ALMA WOODSEY THOMAS
Held at the Pump House Center for the Arts, 1 Enderlin Circle, Yoctangee Park
Instructor: Ann Dye    Course # 106    Grade: 6-8
Limited to 10 students

Students will learn about Alma Woodsey Thomas, using her signature style of radial abstract paintings filled with patterns of bright colors. Students will use acrylic paint and q tips to create dotted radial designs on vinyl records.

Material Fee: $10

STEM AT KENWORTH
Held at Kenworth Truck Company, 65 Kenworth Drive
Instructor: Kenworth Staff    Course # 107    Grade: 5-8

Have you ever wanted to see how STEM Science, Technology, Engineering, and Mathematics can be used in a career field? In this course, Kenworth’s departments of Engineering, Informational Technology, Accounting, Human Resources Training, Plant Management and others will provide hands on STEM activities each day using LEAN Manufacturing principles.

Material Fee: None
SUMMERTIME SNACKS AT NELLIE DOG
Held at Nellie Dog Pottery and Paints Studio, 14 W. Water St.

CHILDREN ENGAGED IN 19TH CENTURY ACTIVITIES AT WORTHINGTON MANSION

Held at Adena Mansion and Gardens
Instructor Adena Mansion Staff
Course 114 Grade 3 5

Come and join us as we step back in time and explore the lives of children living in Ohio in the early 1800s. Compare and contrast the lives of children who lived in the mansions, like Adena and the lives of the common farmers. Discover the daily chores of both groups. Explore the kinds of foods they ate, the clothes they wore and how they had fun. This interactive program provides opportunities to learn of the varying cultures of early Ross County.

Material Fee 10
THE MUDDY FINGERS GARDENING CLUB SPONSORED BY THE MIGHTY CHILDREN'S MUSEUM
Held at Mighty Children's Museum, 21 E. 4th St.
Instructor Quentin Detillion, ONLA Ohio Nursery and Landscape Association Certified Landscape Technician
Course 115 Grades 4–6

If you're looking for a chance to get down and dirty this summer, then you've found the perfect course for you. Welcome to the Muddy Fingers Gardening Club. Whether you're wanting to learn how to start your own vegetable garden, plant a beautiful patch of flowers, or even make a good old fashioned mud pie, then I hope you will join us this June as we roll up our sleeves and head outside for some fun.

Material Fee None

CROSSFIT FOR KIDS
Held at 221A Renick Avenue, Chillicothe, Ohio 45601
Instructor Daphene Butcher
Course 116 Grade 5–8

The focus of this class is to teach students that fitness can be FUN! Children who are new to sports will learn about health and wellness and form and fitness. Children who are already athletes will see an increase in speed, endurance, balance, and stamina. Students should wear comfortable clothes and shoes and bring a labeled water bottle.

Material Fee None

COOKING
Held at Chillicothe Middle School
Instructor Kelli Kitchen
Course 117 Grade K–3

Bring your appetite and your imagination as we learn about the wonderful world of food and nutrition. We will learn how to prepare foods that are delicious and nutritious. We will prepare and eat our creations.

Material Fee $10
THE POWER OF CREATIVITY
Instructor: Pam Frazier
Course: 201  Grade: 3-5

This course will include activities, projects, and lessons designed to awaken and develop the creative being inside each student. There will be a variety of opportunities to think outside the box and be innovative, original, inspired, and resourceful. Students should be prepared to paint, draw, write, craft, and perform.

Material Fee: $8

SCIENCE AND NATURE
Instructor: Shelly Morton
Course: 202  Grade: K-3

This course is designed to introduce students to a variety of age-appropriate scientific and nature topics geared toward reinforcing problem-solving skills, natural exploration, and teamwork. Students will discover the world of science through physical activity while learning the importance of conservation of the environment and maintaining a healthy lifestyle. Shelly Morton is a teacher at Zane Trace.

Material Fee: $15

BEGINNING ARCHERY
Instructor: Jason Fischer
Course: 203  Grade: 4-6

Limited to 10 students

Archery is one of the oldest arts still practiced today. You will have fun learning how to shoot a bow and hit the target. Enroll in the class and learn the beginning skills of archery. The course covers bow safety, proper equipment handling, and proper shooting techniques. Jason Fischer is a teacher at Huntington Elementary.

Material Fee: $5
SEWING AND CRAFTS
Instructor Lindsay Walls       Course  204       Grade  4 8

Students attending this course will work with a variety of material to make intermediate level crafts, such as sewing crafts, string art, canvas painting, pottery and more. Students will work and learn through different textures and will have a total of five different finished products.

Material Fee  15

TAI CHI CHUAN
Instructor Denise McLean       Course  205       Grade  5 8

Tai Chi Chuan is a form of martial arts. The students will NOT be hitting each other. This is slow, graceful movements that can help with several things. Tai Chi Chuan is good for balance, concentration, anger, stress, and improves physical function. Students should wear comfortable shoes and clothes. Denise McLean is a paraprofessional for Ross Pike Educational Service District.

Material Fee  None

STEM ACTIVITIES FOR KIDS THAT WILL STIMULATE YOUNG MINDS
Instructor Kim Forcum       Course  206       Grade  1 2

These young scientists will be introduced to STEM activities at each session. They will be involved in activities that help these young scientists understand how and why things work together. In seeking how things operate, they will use the STEM concepts Science, Technology, Engineering and Math. In today’s age of information, the ability to innovate, be technologically fluent and understand how and why things work together is so important!

Material Fee  10

ARTS AND CRAFTS
Instructor Lindsay Walls       Course  210       Grade  1 4

Students attending this course will work with a variety of material to make exciting crafts. Students will work and learn with different textures and learn different kinds of art.

Material Fee  15
SCRATCH PROGRAMMING
Instructor Joe Triplett and Abby Triplett
Course 211 Grade 3-5

Learn basic programming skills using the MIT Scratch Programming language. Create fun and interesting visual and audio stories, games, and animations while learning the basic concepts of computer programming. Students will have guided tutorials as well as time to express their individual creativity creating their own animations. The course will start at a very beginning level with little computer experience needed.

Material Fee None

BEGINNING ARCHERY
Instructor Jason Fischer
Course 212 Grade 4-6
Limited to 10 students

Archery is one of the oldest arts still practiced today. You will have fun learning how to shoot a bow and hit the target. Enroll in the class and learn the beginning skills of archery. The course covers bow safety, proper equipment handling, and proper shooting techniques. Jason Fischer is a teacher at Huntington Elementary.

Material Fee $5

INTRODUCTION TO SPANISH
Instructor Alicia Gray
Course 213 Grade 4-7

Learning to speak and understand Spanish has never been more fun and exciting. In this class, you will be exposed to theme based play, allowing you to learn Spanish as an interactive and engaging process. We will focus on themes of daily life, such as foods, colors, numbers, animals, and body parts. Come join us to learn and hablar Español!

Material Fee None

STEM
Instructor Dr. Loretta Harvey
Course 214 Grade 7-8

Students will experience STEM education through challenging and fun hands on projects that encourage problem solving, decision making, and innovation. Students work together to solve real world problems, while developing a love of science, technology, engineering and math. The greatest gift we can give students is a driving curiosity, a belief in their abilities, a thirst for knowledge, and a passion to grow. With these skills in their toolbox, they will be equipped to tackle the challenges of the real world no matter where their dreams takes them.

Material Fee $10
communiSCOPES
Held at Unioto Elementary School, 138 Sandusky Blvd.
Instructor: Jenni Domo          Course # 301          Grade: 3-6

CommuniSCOPES will be an extension of the Unioto Elementary School SCOPES Academy. SCOPES stands for Science Co Operative of Physicians and Elementary students. The program is joint partnership with Adena Regional Medical Center. SCOPES is dedicated to STEMM (Science Technology Engineering Mathematics and Medicine) efforts that are real-life, hands-on, and contextual for students. Students may participate in robotics, 3D printing, and electrical engineering, as well as many other STEMM related activities. Come and check out the STEMM fun. Jenni Domo teaches at Union-Scioto Elementary School.

Material Fee: $12

ENTREPRENEURSHIP: START YOUR OWN BUSINESS TODAY
Held at OHIO Chillicothe Technology and Business Development Center, 22 S. Pohiman Rd.
Instructors: Map Your Future          Course # 302          Grade: 5-8

Limited to 15 students

Discover the world of entrepreneurship! In this class, kids explore how to run their own business! Using a cupcake business as a model, kids will learn these parts of a business: Management, Organization, Marketing, Merchandising, Inventory Management, and Financials. Come learn how to create and operate a successful business. (Limited number of scholarships available. Call 740.774.7732 for more information.)

Material Fee: None

PATTERNS IN SCIENCE
Held at OHIO Chillicothe Technology and Business Development Center, 22 Pohman Rd.
Instructor Michael Koop          Course 303          Grade 1 3

Held from 8:30 A.M. to 11:15 A.M. on Tuesday, Thursday, and Friday. Note This class will only be held on those days.

Young children make great scientists. They explore and experiment on the world around them and try to make sense of patterns that they find. In this class we will see how this is exactly what scientists do. Students will perform experiments with light, sound, and motion, search for patterns in what they find, and then use those patterns to predict the outcome of further experiments. Michael Koop teaches Physics and Astronomy at OHIO Chillicothe.

Material Fee None
SUPER STICKY SCIENCE
Held at Unioto Elementary, 138 Sandusky Blvd.
Instructor: Jenni Domo
Course # 310   Grade: 3-6

Calling all S.S.S. Cadets! Sign up now to explore the far reaches of space and the depths of the Earth. This class takes you on a mind-blowing journey with amazing, super-sticky science activities. Get your membership now to be part of the S.S.S. Club! Jenni Domo teaches science courses at Union Scioto Elementary School.

Material Fee: $8

CRIME LAB
Held at OHIO Chillicothe Technology and Business Development Center, 22 S. Pohlman Rd.
Instructor: Sonja Rawn
Course # 311   Grade: 6-8

Become a Kids in College Crime Scene investigator! Learn a skill each day to solve a final homicide crime scene! Collect evidence and complete lab work to solve the crime. Think critically, organize, collect and observe data, use lab equipment and perform tests. Areas of forensic science that will be covered include crime scene drawing, photography, chromatography, DNA, fingerprinting, blood splatter, and impressions of tires, and footprints. Sonja Rawn teaches in the Law Enforcement Technology at OHIO Chillicothe and the Forensic Chemistry program at OHIO Athens.

Material Fee: $7.50

UNDERGROUND RAILROAD
Held at Nickens Heritage Center, 71 West 4th Street
Instructor: Beverly Gray
Course 312   Grade 5-8

Students will explore the vocabulary of the period, discover sites in Chillicothe that were used on the Underground Railroad and why they were used. We will use the current exhibit to spark interactive situations and provide basis for role play.

Material Fee: None
