Certificate Template Guidelines

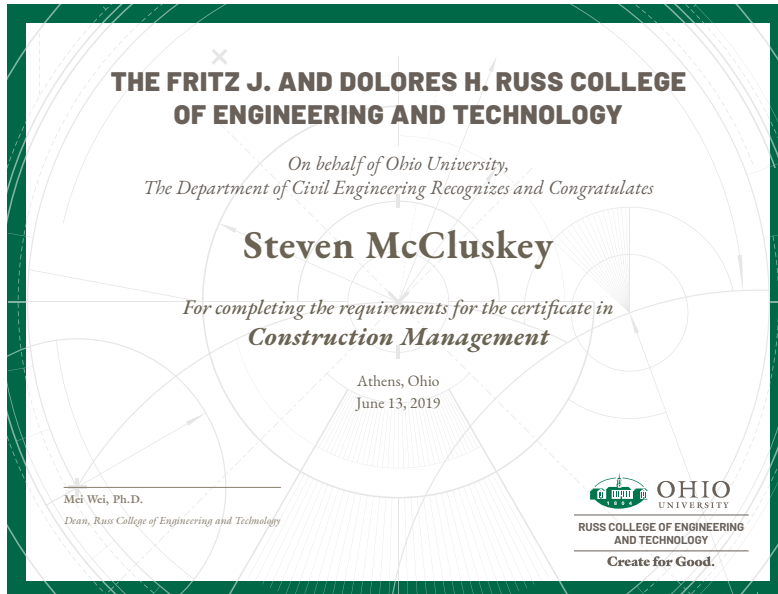

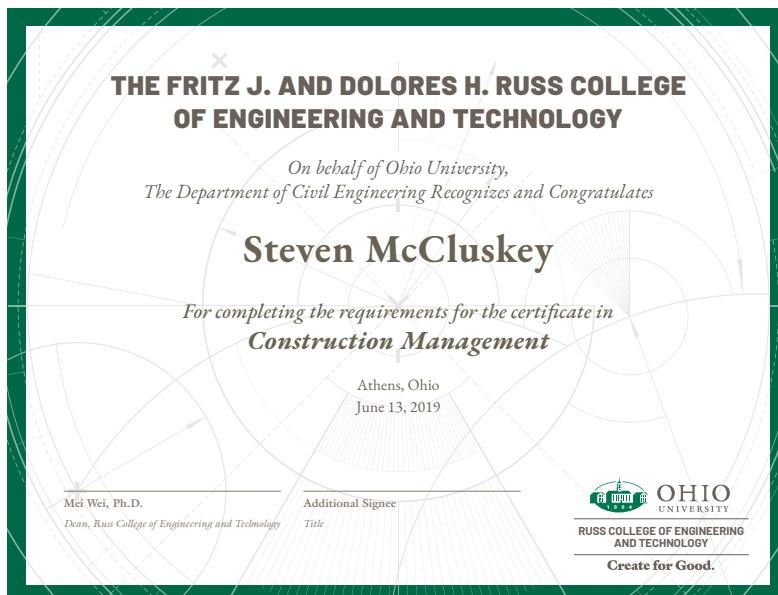

1. To use the templates, you will need the Ohio University fonts Barlow (san-serif) and EB Garamond (serif). You can access them free via university license **here**. If you absolutely can't obtain them, you can use Arial instead of Barlow, and Georgia instead of EB Garamond.

2. Replace each line of the template text with your own text, line by line. Each line has a different typeface and size. That way, the text color, size, and placement will remain as designed, and your certificate will look like the examples.

   If you delete all the template text in the text box first and start from scratch, you will lose all the even spacing and other settings.

Certificate Template (Horizontal) with One Signature

1 To be evenly spaced

Editable Area: Typefaces, text color, and alignment cannot be altered.

THE FRITZ J. AND DOLORES H. RUSS COLLEGE OF ENGINEERING AND TECHNOLOGY

On behalf of Ohio University,
The Department of Civil Engineering Recognizes and Congratulates

EB Garamond ITALIC: *no larger than 18pt*

Steven McCluskey

EB Garamond BOLD: *no larger than 38pt*

For completing the requirements for the certificate in

EB Garamond MEDIUM ITALIC: *no larger than 22pt*

Construction Management

EB Garamond BOLD ITALIC: *no larger than 22pt*

Athens, Ohio
June 13, 2019

EB Garamond REGULAR: *no larger than 22pt*

Mei Wei, Ph.D.
Dean, Russ College of Engineering and Technology
