Compensation Partner Group Update

FLSA New Minimum Salary Threshold

• The standard salary level to remain exempt from the FLSA overtime requirements will increase to $913 a week ($47,476 a year).

• Includes an automatic threshold increase every three years to maintain the level at the 40th percentile of the lowest wage census region.

• Regulation changes will be effective December 1, 2016.

• Ohio University changes will be effective December 1, 2016
Compensation Partner Group Update

Compensation has analyzed the employees currently below the new salary threshold and has determined the future exemption status based on the following:

- Current FTE level (any employee less than 1.0 FTE and below the salary threshold will be converted to non-exempt)
- Current salary and cost to increase to new salary basis
- Estimated overtime hours
- Number of employees in the job code and their current/future exemption status
- Number of employees in the job code who are currently exempt and compensated above $47,476
- Pay compression with direct supervisor
- Current pay grade:
  - Pay grades 10 – 14 will be moved to non-exempt
Compensation Partner Group Update

Final Results:

- Number of exempt employees under the new minimum salary threshold: 368
- Number of employees brought to new minimum and remain exempt: 153
  - Approximate annual cost: $588,844
- Number of employees moved to non-exempt: 209
  - 20 of these are employees under 1.0 FTE
- Post Doctoral employees: 25
  - Create 2 different jobs; 1 exempt for postdoc teachers with no change to current salary (teacher exemption); 1 exempt for postdoc researchers with a salary increase to the new minimum threshold of $47,476 (do not meet teacher exemption criteria)
Compensation Partner Group Update

Transition Payment

• For employees switching to administrative non-exempt the change in pay frequency from semi-monthly to biweekly will cause the employee to have a delay in their normally scheduled paycheck when the lag time associated with processing the biweekly pay is introduced.

• The University has decided to provide a one-time “transition” payment to impacted employees.

• The transition payment will be equal to one weeks’ pay and if necessary, you can receive a second week’s pay by “cashing in” up to 40 hours of vacation time, assuming your balance supports this. This is a one-time only option.
  • NOTE: You must meet the deadline to take advantage of this one time “cashing in”.
Compensation Partner Group Update

Timeline:

• **October 17, 2016**: Compensation notified affected employees via email as to any changes they will see, along with Q&A document

• **November 30, 2016**: Employees moving to non-exempt will receive their last semi-monthly pay for pay period 11/16/2016-11/30/2016

• **December 1, 2016**: Changes go into effect. Employees moving to non-exempt will need to begin tracking hours in Workforce

• **December 15, 2016**: Transition payment provided to employees *moving to non-exempt* in the form of one week’s salary. Employees will also receive any cashed out vacation pay if applicable.

• **December 21, 2016**: First biweekly pay for timesheet covering 12/01/2016 – 12/10/2016 (7 working days)
Compensation Partner Group Update

Agenda

• Projects Underway
• Electronic I-9 and Employment Verification
• RFP for Staffing Services
• Reminder – Group III (Adjunct Faculty) Termination Process
Projects Underway

• ESPG has identified several “How to Documents” that HR is working on:
  
  • “Things to Consider When Selecting New Employee Hire Dates”
    
    
    • Standard “Start Dates” for faculty; how to handle instances wherein faculty need to begin before standard dates
  
  • “Best Practices for Global Recruitment”

  • How-to for Screening Questions in PeopleAdmin

  • Clarifying documentation on hiring process and potential delays (e.g. background check procedures)
Projects Underway

• PeopleAdmin Updates and Streamlining
  • Planning out re-structured requisition types and hiring forms for more intuitive use
  • More “canned” messaging:
    • Hiring rate language
    • Special instructions to applicants
    • Unit-specific informational “drop-downs”

• PeopleAdmin to Oracle Interface

• Termination Calendar
  • (Like the payroll calendar; will identify termination schedules and procedures by employment type)
Electronic I-9 and Employment Verification

• Project underway to deliver electronic I-9 solution with our partner, Equifax

• Electronic I-9 will replace paper forms
  • Similar in terms of workflow
  • Built in logic to prevent errors
  • More timely tracking and better compliance
  • Training will be provided before implementation to users (HR and hiring reps within Student Hiring Centers of Excellence)

• Approximate Go-Live: Mid January
Electronic I-9 and Employment Verification

• Employment Verification “The Work Number”
  • Will provide employment and income verification to employers, banks, governmental agencies
  • Instead of calling the ESC, these entities will be directed to The Work Number
  • Employees will also have access to their own Work Number account
    • Provide verification directly to entities
    • View comprehensive employment history including employment history with employers that also utilize The Work Number
  • Detailed information will be provided closer to roll out
  • Estimated Go-Live: Late January
Staffing Services RFP

- Finalizing draft of RFP for Staffing Services across our campuses
- Critical Components
  - “Standard Jobs”
  - Non-Standard Jobs
  - Temporary Employees with no “finders” fee
  - Temp-to-Hire and Recruitment Services
- Looking for Proposals Statewide
- Create a list of services, by provider, by campus, including standard pricing and bill rates for campus to use
REMINDER - Group III (Adjunct Faculty) Termination Process

• Group III faculty hired through PeopleAdmin if not active employees in Oracle
• Remain active until Oracle termination process is run
• Constituents reviewed options of lookback periods
• Selected 24 months to support academic programmatic needs
• Termination process will occur:
  • May 1
  • October 1 (Technical issues this year; date TBA at time of creation of presentation)
• To rehire a group III faculty member once terminated, a posting in PeopleAdmin would need to be submitted.

Agenda

• Courtesy Tax
• Winter Break Closure
• Payroll Calendar for Calendar Year 2017
• 2017 IRS Limits
• Tax Year End Reminders
Current State Local Payroll Tax Withholdings

• We are **required to withhold local taxes for locations in which we have a physical operation.**

• Employers are **not required to withhold local tax for locations that they do not have a physical presence in** but can choose to withhold these taxes on a “courtesy” basis.

• In 2015 we began “courtesy” withholding but can no longer continue this practice due to:
  
  • Volume increases (65 returns in 2013; over 350 returns now)
  
  • Legislative changes – House Bill 5

• In **Ohio employers are required to withhold school district tax** as requested by employees even if we do not have physical presence in that school district.

• There will be no change to our current practice of state courtesy tax withholding for Kentucky and West Virginia.
Reason for Change?

• The process of tracking and filing returns for over 350 different municipalities is completely manual.

• Courtesy withholding is not required by law.

• Other universities do not offer courtesy withholding (Akron, Toledo, Ohio State, Hocking College only offers courtesy for Athens).

• We add a new municipality almost every payroll run. Each time we add a new municipality the payroll process must be stopped and restarted after the new set up.

• Almost 70% of the municipalities we withhold for have an annual withholding of less than $250.

• With the passage of House Bill 5, we will not be able to file over 350 local tax returns by the required due date resulting in unnecessary penalties.
What’s Changing?

• Only withhold for municipalities where we have physical locations

• Municipalities we will withhold for: Akron, Athens, Cambridge, Chillicothe, Cincinnati, Warrensville Heights, Columbus, Dayton, Dublin, St. Clairesville, Lancaster, Pickerington, Ironton, Zanesville, Nelsonville

• Stop Courtesy Withholdings as of December 31, 2016
Winter Break Closure

• **Administrative Employees:**
  - Less than 1 year of service will be paid for 3 days of WBC – Do not enter time in Absence Management.
  
  - 1 year or more of service – will be paid for 2 days for WBC, and 1 vacation day. The vacation accrual for December 31 will be used to cover the third day. The employee will not see an accrual and employee will not need to enter time in Absence Management.

• **Administrative Hourly Employees:**
  - Less than 1 year of service will be paid for 3 days of WBC
    - Timesheet should use pay code “other” with WBC in the comment field
  
  - 1 year of continuous service: 2 WBC days paid, 1 vacation day used for the third day
    - Use pay code “other” and enter WBC in the comment field for the 2 days
    - Use the pay code “vacation” for the third day
• Biweekly Employees (Classified, FOP, AFSCME):
  - Less than 10 years of service: 3 WBC days paid
    - Timesheet should use pay code “other” with WBC in the comment field
  - 10 years or more of service: 2 WBC days paid, 1 vacation day used for the third day
    - Use pay code “other” and enter WBC in the comment field for the 2 days
    - Use the pay code “vacation” for the third day

Benefits Advisory Council Update

• The Benefits Advisory Council (BAC) was re-formulated in 2014

• BAC is Co-Chaired by Susan Williams representing Faculty Senate, and Colleen Bendl, Chief HR Officer

• Members include representatives from Faculty Senate, Administrative Senate, Classified Senate, and the AFSCME union, as well as two deans, a vice president, department chair/director, and representatives from the Provost, Finance, and HCOM
BAC Update

• The Benefit Advisory Council (BAC) is charged with analyzing and making recommendations related to university benefit plan designs in conformance with the guiding principles and strategies defined by Total Compensation Committee (TCC) under the direction of the President.

• The BAC will explore options and suggest changes that meet the objectives and goals established by the TCC. They will consider competitiveness, financial sustainability and fairness in their recommendations.

• The BAC serves as an advisory body to the TCC and the BAC recommendations, along with any potential budget implications, are provided to the Budget Planning Council (BPC).

• Ultimate decision making authority regarding University benefit programs rests with the President and the Board of Trustees, or its delegate.
BAC Update

• The BAC has established core principles of:
  • containing University benefit cost increases to no more than 5% annually,
  • ensuring health plans avoid the Affordable Care Act excise tax on high cost plans (which is now required by State law), and
  • avoiding structural deficits within the benefits budget

• Some recent recommendations include changes to premiums and health plan cost sharing (deductibles, copays, etc.), changes to benefits eligibility of staff positions, establishing a 6% reserve level goal, offering two new and improved vision plans, offering a new short term disability plan, ensuring transgender health care is covered by health plans, providing a health care credit to faculty and staff and establishing a guide for any such future credits, and formalizing the pilot parental leave program.
