

Transform how you view your energy bill!

Are your utility bills becoming unmanageable?
Do you want to discover ways to reduce monthly payments?
We may be able to help!

Energy Efficiency for the Home

Tuesday, April 30

12pm-1pm

Baker University Center Room 240

Bring your lunch and join us for an educational session outlining cost effective home upgrades and simple habit changes that can help lower utility bills. Participants will also learn about OHIO's current energy efficiency projects.

This session will be facilitated by Central Ohio Appalachian Development (COAD) and OHIO's Executive Director of Facilities Management. Office of Sustainability will feature a video explaining home energy audits & affordable efficiency tips.

This event is free for all OHIO employees & students.
Please RSVP by emailing sustainability@ohio.edu.

All participants will be entered into a drawing for a door prize of a Home Energy Audit (\$500 value) and other exciting prizes! You must be present to win.
