OHIO
UNIVERSITY

OHIO UNIVERSITY CHILICOTHE CAMPUS

2,300
students enrolled with
30 full-time and 120 part-time faculty

\$36 M
in annual economic output

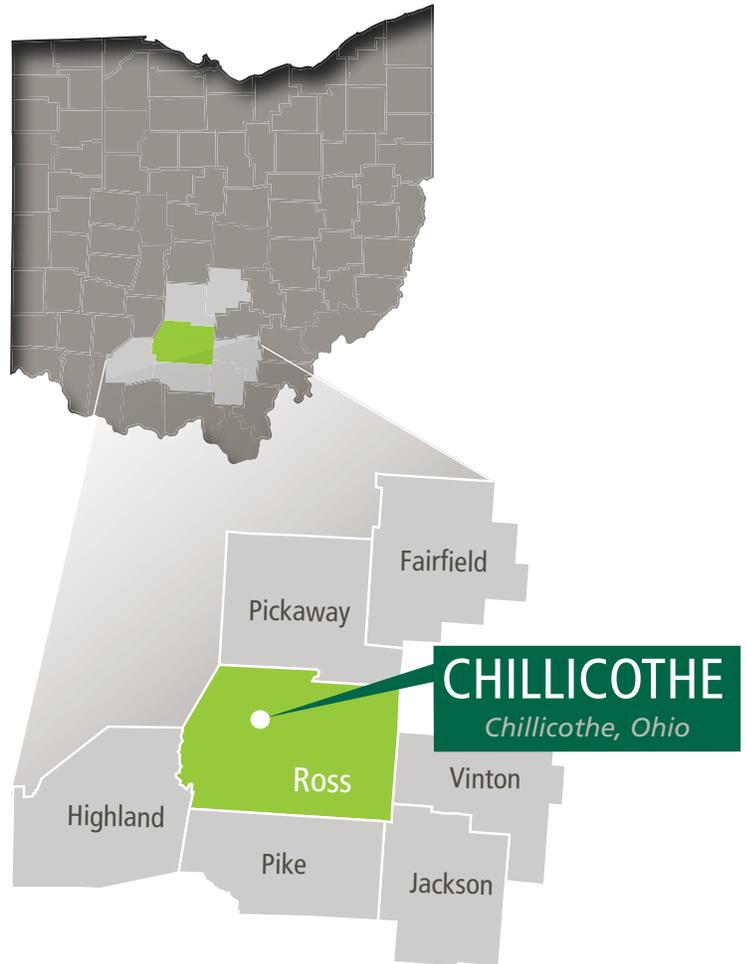

320
jobs created for residents
in the Chillicothe Region.

\$3.1 M
generated in state tax revenue
annually from activity associated with the
Chillicothe Campus

Annual Economic Output: The total economic activity resulting from Chillicothe Campus and campus-related spending.

Jobs: Includes part- and full-time positions at the Chillicothe Campus as well as jobs supported by Campus and campus-related spending.

Data for the 2011-12 academic year

The Chillicothe Campus fills the need for correctional and healthcare education within the region. Located within five miles of two correctional institutions and one jail as well as Adena Health System, the region's major medical center, and a Veterans Affairs hospital, the Campus provides education and other support services to meet educational needs.

With over 2,300 students enrolled at the Chillicothe Campus during the academic year, OHIO's regional campus provides a permanent establishment where students can pursue and complete a post-secondary degree. Offering quality and affordable education, the Chillicothe Campus engages over 30 full-time and 120 part-time faculty (including resident and adjunct faculty) who are also actively engaged in their disciplines outside of academia, bringing real-world experiences into the classroom.

OHIO UNIVERSITY CHILlicothe CAMPUS

Key programs and initiatives that extend the Chillicothe Campus impact include: Community Partnerships, Youth and Continuing Education Activities, and Community Engagement.

CHILD DEVELOPMENT CENTER

The CDC models best practices in early childhood education for children, families, students, faculty, and the community. It also serves as a clinical site for students and a resource center for the early childhood community. The center brings together numerous community organizations to provide services and support for early childhood needs. During the 2011–12 school year, over 300 preschool children and over 200 Chillicothe Campus students engaged in learning.

CONTINUING EDUCATION

To support continuing education for the region's teachers, the Chillicothe Campus developed the Advanced Placement Institute, which served 12 area teachers during the 2011–12 school year. In addition, the Campus partners with the Ross County Education Services Center for teacher recertification, supporting the renewal of over 250 teachers' licenses during 2011–12.

KIDS IN COLLEGE

Kids in College is a summer enrichment program for youth interested in science, sports, and a variety of educational experiences. Students travel to campus for most courses, many of which are taught by campus staff. This program allows youth to continue their education during the summer and to become acclimated to a post-secondary campus environment.

CULTURAL AND THEATER

The Chillicothe Campus brings a diverse range of cultural and arts activities to local and regional residents. During the 2011–12 school year, over 63,600 attendees enjoyed events such as the Great Midwest Battle of the Bands, theater performances, art exhibitions, and athletic events.

OHIO UNIVERSITY EASTERN CAMPUS

1,010
students enrolled with
15 full-time and 45 part-time faculty

\$10 M
in annual economic output

110
jobs created for residents
in the Eastern Region.

\$1 M
generated in state tax revenue
annually from activity associated with the
Eastern Campus

Annual Economic Output: The total economic activity resulting from Eastern Campus and campus-related spending.

Jobs: Includes part-time and full-time positions at the Eastern Campus as well as jobs supported by Campus and campus-related spending.

Data for the 2011-12 academic year

The Eastern Campus is the only public liberal arts baccalaureate education institution in Eastern Ohio. As such, degree programs in areas such as exercise physiology provide needed educational opportunities and availability through the eastern region of Ohio.

With over 1,010 students enrolled at the Eastern Campus during the academic year, OHIO's regional campus provides a permanent establishment where students can pursue and complete a post-secondary degree. Offering quality and affordable education, the Eastern Campus engages over 15 full-time and 45 part-time faculty (both resident and adjunct) who are also actively engaged in their disciplines outside of academia, bringing real-world experiences into the classroom.

OHIO UNIVERSITY EASTERN CAMPUS

Key programs and initiatives that extend the Eastern Campus impact include Transformational Learning Research Opportunities, Strong Community Engagement, and Community Enrichment.

TRANSFORMATIONAL LEARNING

Ohio University emphasizes unique research experiences in the comprehensive transformational learning atmosphere offered to students. Dr. Mark Waters, an associate professor of biological sciences, frequently engages undergraduate students to perform fieldwork, collect data, and assist with analysis for his snake research. Students even have the opportunity to travel nationally and internationally—including to the Fifth World Congress of Herpetology in South Africa in 2005.

WELLNESS

An average of 50 community members participate annually in Silver Sneakers, which offers innovative health, exercise, and wellness programs to older people at a reduced rate.

CULTURAL

Every year the Eastern Campus Dean's Cultural Series offers a series of free arts and cultural events including, plays and performances. These entertaining and educational events invite community members to engage with the University.

FACULTY ENGAGEMENT

Eastern Campus faculty and staff are also actively engaged members of their local communities, donating their knowledge and expertise to community and regional efforts. This includes serving on local nonprofit boards, volunteering with community agencies, joining community organizations, engaging with local elementary and high schools, and developing strategic plans for local organizations.

OHIO UNIVERSITY LANCASTER CAMPUS

2,510
students enrolled with
30 full-time and 105 part-time faculty

\$32 M
in annual economic output

290
jobs created for residents
in the Lancaster Region.

\$2.8 M
generated in state tax revenue
annually from activity associated with the
Lancaster Campus

Annual Economic Output: The total economic activity resulting from Lancaster Campus and campus-related spending.

Jobs: Includes part-time and full-time positions at the Lancaster Campus as well as jobs supported by Campus and campus-related spending.

Data for the 2011-12 academic year

LANCASTER
Lancaster, Ohio

The Lancaster Campus and Pickerington Center's proximity to the Columbus market gives the Campus an advantage in targeting the southern Columbus region. To further extend its impact, the Pickerington Center hosts Master's courses offered by the Athens Campus to residents of the Columbus area.

With over 2,510 students enrolled at the Lancaster Campus during the academic year, OHIO's regional campus provides a permanent establishment where students can pursue and complete a post-secondary degree. Offering quality and affordable education, the Lancaster Campus engages over 30 full-time and 105 part-time faculty, which include resident and adjunct faculty who are also actively engaged in their discipline outside of academia, bringing real-world experiences into the classroom.

OHIO UNIVERSITY LANCASTER CAMPUS

Key programs and initiatives that extend the Lancaster Campus impact include: Educational Initiatives, Strong Community Partnerships, and Transformational Learning

WOMEN IN TECHNOLOGY AND SCIENCE

The Women in Technology and Science program focuses on science, technology, engineering, and mathematics (STEM) opportunities for the area's young women. During this full day of learning and engagement, girls in sixth through eighth grades from surrounding school districts meet and learn from women in STEM careers, as well as interact with peers who have similar STEM interests.

LANCASTER FESTIVAL

The 10-day Lancaster Festival of music and art includes 75 events including an Art Walk, a 5k series (230 participants in 2012), and the Lancaster Festival Orchestra. The Lancaster Campus hosts three events at the Campus' outdoor auditorium as well as a production at its indoor theatre, and promotes the Festival's artistic growth and outreach.

PARTNERSHIPS

Lancaster Campus partners with Fairfield County Developmental Disabilities (FCDD) to provide hands-on training for individuals with disabilities. The skillsets acquired can be easily transferred into food service opportunities outside the University, thus preparing FCDD students for job independence in the community.

TRANSFORMATIONAL LEARNING

Transformational learning encompasses both classroom education and hands-on learning opportunities. Lancaster Campus students have a variety of opportunities to combine classroom learning with practical, real-life experience by working with for-profit and not-for-profit organizations in Lancaster-area communities.

OHIO UNIVERSITY SOUTHERN CAMPUS

1,980
students enrolled with
25 full-time and 110 part-time faculty

\$33 M
in annual economic output

410
jobs created for residents
in the Southern Region.

\$2.5 M
generated in state tax revenue
annually from activity associated with the
Southern Campus

Annual Economic Output: The total economic activity resulting from Southern Campus and campus-related spending.

Jobs: Includes part-time and full-time positions at the Southern Campus as well as jobs supported by Campus and campus-related spending.

Data for the 2011-12 academic year

The Southern Campus is the only campus created by an act of legislation brought about through community leadership. Located in the tri-state region of Ohio, Kentucky, and West Virginia, the Campus is strategically positioned to support the needs of this multistate area. Opening of the Proctorville Center, which serves the eastern end of the region, was driven by need from within the local community.

With over 1,980 students enrolled at the Southern Campus during the academic year, OHIO's regional campus provides a permanent establishment where students can pursue and complete a post-secondary degree. Offering quality and affordable education, the Southern Campus engages over 25 full-time and 110 part-time faculty, which include resident and adjunct faculty who are also actively engaged in their discipline outside of academia, bringing real-world experiences into the classroom.

OHIO UNIVERSITY SOUTHERN CAMPUS

Key programs and initiatives that extend the Southern Campus impact include: Community Leadership and Engagement, Transformational Programing, and Community Partnerships.

OHIO STRATEGIC TRAINING CENTER

A partnership between the Southern Campus and local businesses, community organizations, and economic development professionals, OSTC actively engages with area businesses to meet present and future workforce needs through training programs and business-specific solutions.

ELECTRONIC MEDIA

The Southern Campus' Electronic Media program gives students firsthand experience in audio, video, multimedia, and production through the program's 24-hour Internet radio station, TV stations, and special video projects.

ACADEMY EXCELLENCE

Each summer, the Southern Campus hosts the Academy of Excellence for 1st – 8th grade students. The Academy provides programming that inspires intellectual and creative interest, and offers opportunities for area youth to actively engage in their education while experiencing a college setting. During the summer of 2011, over 125 students attended the Academy.

HORSE PARK

Ohio University is one of only three universities in the nation approved by the Professional Association of Therapeutic Horsemanship International to certify therapeutic riding instructors. Located at the Southern Campus, the Ohio Horse Park is a therapeutic horsemanship center, serving individuals in Ohio, West Virginia, and Kentucky. OHP offers goal-oriented, planned sessions to children, teens, adults, and veterans, many of whom face daily physical and/or developmental challenges. The Horse Park is open to the entire community and offers specific training classes for individuals with autism, cerebral palsy, traumatic brain injury, behavioral challenges, and many other physical and mental ailments.

SUSTAINABILITY

Southern Campus has saved over \$128,000 as of 2013, as a result of sustainable operations decisions to reduce waste, electric services, and facility space.

OHIO UNIVERSITY ZANESVILLE CAMPUS

2,100
students enrolled with
35 full-time and 75 part-time faculty

\$30 M
in annual economic output

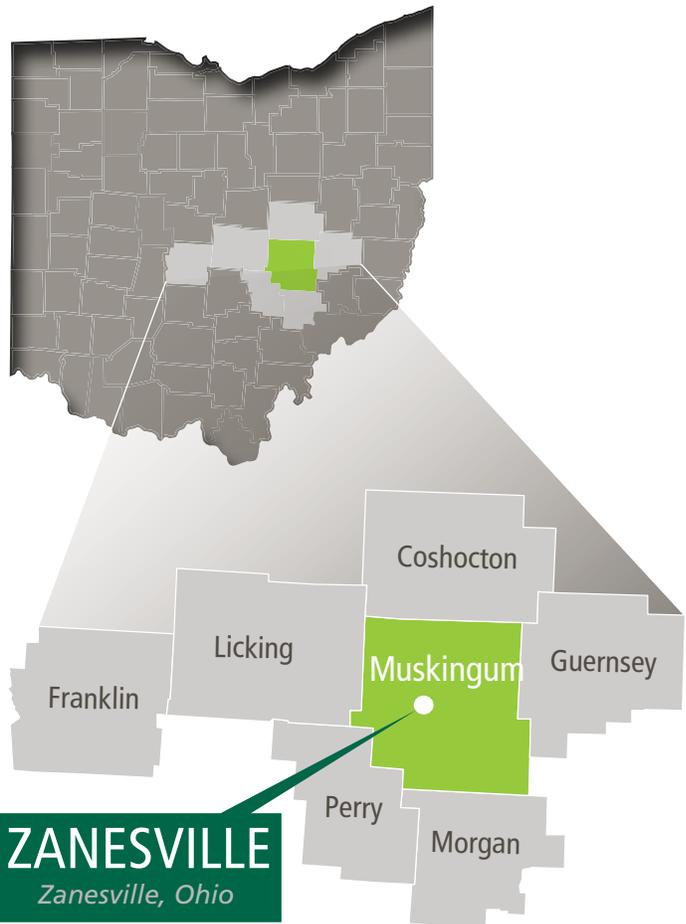

270
jobs created for residents
in the Zanesville Region.

\$2.3 M
generated in state tax revenue
annually from activity associated with the
Zanesville Campus

Annual Economic Output: The total economic activity resulting from Zanesville Campus and campus-related spending.

Jobs: Includes part-time and full-time positions at the Zanesville Campus as well as jobs supported by Campus and campus-related spending.

Data for the 2011-12 academic year

The Zanesville Campus provides local residents with easy access to post-secondary education and streamlines educational opportunities to provide the region with maximum educational support by co-locating the Campus with Zane State College.

With over 2,100 students enrolled at the Zanesville Campus during the academic year, OHIO's regional campus provides a permanent establishment where students can pursue and complete a post-secondary degree. Offering quality and affordable education, the Zanesville Campus engages over 35 full-time and 75 part-time faculty which include resident and adjunct faculty who are also actively engaged in their discipline outside of academia, bringing real-world experiences into the classroom.

OHIO UNIVERSITY ZANESVILLE CAMPUS

Key programs and initiatives that extend the Zanesville Campus impact include: Strong Community Engagement, Targeted Education, and Industry Training.

FLU SHOT CLINICS

Over the course of a single day each year, county residents receive 2,000 to 3,000 shots free of charge. The clinic is designed to be convenient; many shots are administered to drivers and passengers who do not leave their vehicles. Conducted in collaboration with the sheriff's, police, fire, and health departments, as well as numerous other city and county organizations, this event relies heavily on faculty, staff, and student volunteer support.

CYBER SENIORS

The Zanesville Campus hosts a Cyber Seniors program in collaboration with the Zandex Health Care Corporation. More than 1,000 senior citizens have graduated from the course, which includes introductory technology lessons across a wide variety of topics.

MUSKINGUM RECREATION CENTER

The Zanesville Campus spearheaded a \$5.5 million fundraising effort to construct the Muskingum Recreational Center in partnership with the local YMCA, the Community Foundation, and Genesis Healthcare System.

WOMEN OF APPALACHIA

Held at the Zanesville Campus each year, the conference celebrates women from the Appalachian region in their pursuit of continued scholarship and education, drawing 100-120 attendees per conference.

INDUSTRY SPECIFIC TRAINING

The staff and faculty at the Zanesville Campus have worked with businesses and industries like Walmart to provide managerial training to local and regional staff. The first training session focused on using Excel to diagram store layout and flow. The session was so successful that a second managerial training session on presentation skills, business etiquette, and idea generation has been created.
