OrthoNeuro and the Orthopedic Foundation (TOF) have partnered again this year to provide the Orthopedic Foundation Summer Intern Program, offering Ohio University Heritage College of Osteopathic Medicine students the opportunity to participate in research studies in orthopedic surgery, neurology, and physical medicine & rehabilitation.

Interns work under the close supervision of a sponsor who is an expert in orthopedics or neurology and oversees the project. Summer internships are offered for 6-8 weeks of clinical work. Upon completion of their project, Interns are encouraged to submit a poster presentation on their project for the 2019 Ohio Osteopathic Symposium.

WHERE?
Data collection will be performed at OrthoNeuro’s main locations in the Greater Columbus area – Columbus, Dublin, New Albany, Pickerington, and Westerville

WHO?
OUHCOM Students who are in between their 1st and 2nd year of medical school – 8 internships available

WHAT?
Students will assist with research projects in one of the following areas: total knee replacement, foot & ankle, neurological disorders, or non-surgical spine.

Sponsors:
- Dr. Mark Gittins, Orthopedic Surgeon
- Drs. Nick Cheney and Jeff Gittins, Orthopedic Foot & Ankle Surgeons
- Dr. Martin Taylor, Neurologist
- Drs. RJ Nowinski and Scott Stephens, Orthopedic Shoulder Surgeons
- Dr. Michael Skeels, Interventional Physiatrist

WHEN?
June – August 2017 (~6-8 weeks). You may also be required to meet with the sponsoring physician prior to the start of the internship.

COMPENSATION?
Interns will receive a $1000 stipend at the end of the internship if all requirements have been met.

HOW TO APPLY?
Send your CV/resume and a writing sample to Heather Benjamin at hbenjamin@orthoneuro.com by March 1, 2018. Please indicate which surgeon/physician you are interested in working with if you have a preference. Interviews will begin the second week of March.
